Masks at School

Comments \*

Hi, it has come to my attention that some parents are asking that masks at school not be mandated regardless of the CDC guidance. Our children NEED to be in school. As much as none of us "want" to wear masks right now, this is not the time to throw caution to the wind. Given the spread of Covid in our area, not requiring masks will send our kids right back to virtual learning. This is not fair to them. We need to come together to do what we can to keep our children in school, they have missed enough of their childhood already.
