Masks mandate needed to be upheld

Comments \*

We need to enforce the county mask mandate in our schools to keep our kids safe. Masks are proven to be effective in preventing spread of Covid-19 and are the only means we have of protecting our kids against Covid-19 at this time. Allowing parents to make an optional choice on masking their kids puts everyone at risk as masks are needed by every individual to prevent transmission. Please disregard this loud, but small group of individuals putting our children's well-being at risk and increasing the chance of forcing virtual learning again.
