From: Heather Boyd

I would like to say Thank you for having the courage and conviction to see through the March 22, 2021 start date of in person learning. I am thrilled to see kids going to and from school with their teachers, etc. I am also a happy mother of 3 who all love being back in person. The next logical step is to adhere to the new CDC guidelines and push Alameda County Education Dept. to loosen the 6-foot distancing and go full in person with only the 3 feet suggestion required. This will allow for more children in the classroom as well as more half or full days on campus especially in the Middle and High School classes for the remainder of the spring. I propose beginning this after Spring Break, and then adhering to a commitment that ALL students who want to be Full days back in the classroom 5 days a week be the plan for the 2021-2022 school year.

Thank you for doing the right thing, and moving us in the right direction. We know this will be a better year now, and we know it will be the BEST year yet in the fall.

Sincerely,

Heather Boyd
