Senate Bill 187: Comprehensive School Safety Plan Purpose

The California Education Code (sections 32280-32288) outlines the requirements of all schools operating any kindergarten and any grades 1 to 12, inclusive, to write and develop a school safety plan relevant to the needs and resources of that particular school.

In 2004, the Legislature and Governor recast and renumbered the Comprehensive School Safety Plan provisions in SB 719 and AB 115. It is the intent of the Legislature in enacting the provisions to support California public schools as they develop their mandated comprehensive safety plans that are the result of a systematic planning process, that include strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on school campuses.

The historical requirement of the Comprehensive School Safety Plan was presented in Senate Bill 187, which was approved by the Governor and chaptered in 1997. This legislation contained a sunset clause that stated that this legislation would remain in effect only until January 1, 2000. Senate Bill 334 was approved and chaptered in 1999 and perpetuated this legislation under the requirement of the initial legislation.

Comprehensive School Safety Plans are required under SB 719 & AB 115 and contains the following elements:

Assessment of school crime committed on school campuses and at school-related functions

- Child abuse reporting procedures
- Disaster procedures
- Suspension and expulsion policies
- Procedures to notify teachers of dangerous pupils
- Discrimination and harassment policies
- School wide dress code policies
- Procedures for safe ingress and egress
- Policies enacted to maintain a safe and orderly environment
- Rules and procedures on school discipline
- Hate crime reporting procedures

The Comprehensive School Safety Plan will be reviewed and updated by March 1st every year. In July of every year, the school will report on the status of its school safety plan including a description of its key elements in the annual school accountability report card.

A copy of the Comprehensive School Safety Plan is available for review at .

Components of the Comprehensive School Safety Plan (EC 32281)

Junction Avenue K-8 School Safety Committee

Assessment of School Safety

The vision and goals were developed through a process of reviewing data from a variety of sources and collecting input from the stakeholders including staff (classified and certificated), parents (including the PTA and SSC), and students.

Disaggregated data from California Healthy Kids Survey, discipline data from PowerSchool, SWIS, and District generated data on suspensions and truancy, site specific data sources and Illuminate helped to identify areas to focus on and establish goals to promote a safe school environment.

Data and statistics in documents such as Single School Plan, the School Accountability report card, along with campus walk-throughs and inspections by the Police and Fire departments, provided information to determine the overall safety of the school and the well-being of students and staff.

Additionally, communication and articulation with the District Maintenance Department, a review of work orders completed and uncompleted, and communication with the Head Custodian at the school site provided information on the physical site, including our readiness for emergencies and safety procedures. Review of emergency procedures through regularly scheduled drills.

Finally, those documents and items that establish and promote a safe school environment were reviewed for accuracy and comprehensiveness including the Staff Handbook, School Site Disaster Plan, Student Folder/Handbook, School website, Employee Responsibility for Complying with State and Federal Laws and Board Policies, Notice of Parent's Rights, signage on campus, postings in classrooms, etc.

Areas of Strength

Junction Ave K-8 prides itself in providing a safe physical campus, as well as a virtual campus, for all students and staff. We have a closed campus and constant yard duty supervision by our two, 7 hour/daily campus supervisors. We have eight additional campus yard duties who help with supervision during the span of all lunchtime schedules. In addition, elementary school teachers rotate morning supervision for added security. We have a volunteer accountability system which ensures all persons on campus, including visitors and volunteers, are accounted for, checked in, and wearing the appropriate badge/label. This system allows for instant notification if a person is on campus and has not checked in with the office. We utilize this same system for virtual volunteers as well. Campus supervisors are trained on expected protocols in maintaining a safe environment for all. Junction's security cameras have been updated and several more have been added. In addition, all cameras are being monitored on real time basis in the office. Office personnel, custodians and campus supervisors each have hand radios to alert each other of any problems.

Strategies and Programs to Provide and Maintain a High Level of Safety (EC 32281(a)1, items A-J)

1.1 Promulgation

1.1.1 The Basic Plan:

The Basic Plan addresses the Livermore Valley Joint Unified School District's responsibilities in emergencies associated with natural disaster, human-caused emergencies and technological incidents. It provides a framework for coordination of response and recovery efforts within the District in coordination and with local, State, and Federal agencies. The Plan establishes an emergency organization to direct and control operations at all sites during a period of emergency by assigning responsibilities to specific personnel. The Basic Plan:

- Meets the California Comprehensive School Safety Plan (SB-187) requirement for Disaster/Emergency Procedures.
- Conforms to the State mandated Standardized Emergency Management System (SEMS) and effectively restructures emergency response at all levels in compliance with the Incident Command System (ICS).

- Establishes response policies and procedures, providing Livermore Valley Joint Unified School District clear guidance for planning purposes.
- Describes and details procedural steps necessary to protect lives and property.
- Outlines coordination requirements.
- Provides a basis for unified training and response exercises to ensure compliance.

1.1.2 Requirements

The Plan meets the requirements of Alameda County's policies on Emergency Response and Planning, the Standardized Emergency Management System (SEMS) Operations Area Response, and defines the primary and support roles of the District and individual schools in after-incident damage assessment and reporting requirements.

2.1 Purpose

The Purpose of the Emergency Operations Plan is to protect the safety and welfare of the students, employees, visitors, and volunteers in the Livermore Valley Joint School District's schools, facilities and grounds, and to ensure the preservation of public property under the jurisdiction of the Livermore Valley Joint School District.

2.2 Scope

The Scope encompasses all District facilities, schools and alternative, adult, and special education centers. It addresses a broad range of major emergencies that may affect more than one site. Such events include earthquake, hazardous materials emergencies, flooding, landslides and wildfires. Also included are procedures for emergencies that may or may not require the full or partial activation of the Emergency Operations Center (EOC).

3.1 The objectives of the plan are to:

- Protect the safety and welfare of students, employees and staff.
- Provide for a safe and coordinated response to emergencies.
- Protect the District's facilities and properties.
- Enable the District to restore normal conditions with minimal confusion in the shortest time possible.
- Provide for interface and coordination between sites and the District Emergency Operations Center (EOC).
- Provide for interface and coordination between sites and the County or city EOC in which they reside.
- Provide for the orderly conversion of pre-designated District sites to American Red Cross or other designated shelters, when necessary.

Schools are required by both federal statute and state regulation to be available for shelters following a disaster. The American Red Cross (ARC) has access to schools in damaged areas to set up their mass care facilities, and local governments have a right to use schools for the same purposes. This requires close cooperation between school officials and ARC or local government representatives and should be planned and arranged for in advance.

Any other person making a report shall not incur civil or criminal liability unless it can be proven that he/she knowingly made a false report or made a report with reckless disregard of the truth or falsity of the report. (Penal Code 11172)

Regulation LIVERMORE VALLEY JOINT UNIFIED SCHOOL DISTRICT approved: April 7, 2009 Livermore, California

(B) Disaster Procedures (EC 35295-35297; GC 8607 and 3100)

Disaster Plan (See Appendix C-F)

Standardized Emergency Management System (SEMS) (Chapter 1 of Division 2 of Title 19 of the California Code of Regulations).

4.1 SEMS is based on a number of concepts, three of which are pertinent to schools:

4.1.1 A management tool called the Incident Command System (ICS).

ICS was developed by fire departments to give them a common language when requesting personnel and equipment from other districts, and common tactics when responding to emergencies. The system is designed to minimize the problem common to many emergency response efforts -- duplication of efforts -- by giving each person a structured role in the organization, and each organization its piece of the larger response. For the District, ICS is instituted at the Site Level (school or facility).

4.1.2 Mutual aid systems, in which similar organizations assist each other in emergencies.

4.1.3 Multiple agency coordination, under which diverse organizations work together and communicate with each other.

4.2 There are five basic SEMS functions:

These are the tasks involved in any emergency response anywhere. A few people or many, depending on the size of the emergency and the human resources at hand, may perform them. The five components should constitute the District's basic structure for any emergency response.

4.2.1 Management Section (The "leaders")

The Management Section is responsible for overall policy, direction, and coordination of the emergency response effort in the Emergency Operations Center (EOC) throughout the Livermore

Valley Joint Unified School District. The Management Section Staff is also responsible for interacting with each other and others within the EOC to ensure the effective function of the EOC organization.

4.2.2 Operations Section (The "doers")

The Operations Section is responsible for coordinating all operations in support of the emergency response and for implementing action plans. This section includes response teams that work toward reduction of the immediate hazard, mitigating damage, and establishing control and restoration of normal operations.

4.2.3 Planning/Intelligence Section (The "thinkers")

The Planning and Intelligence Section is responsible for collecting, evaluating, and disseminating information; maintaining documentation; and evaluating incoming information to determine the potential situation in the not-too-distant future. This section also develops action plans for implementation by the Operations Section.

4.2.4 Logistics Section (The "getters")

The Logistics Section is responsible for providing all types of support for the emergency response operation. This section orders all resources from off-site locations and provides facilities, services, personnel, equipment, and materials.

4.2.5 Finance and Administration Section (The "payers")

The Finance and Administration Section is responsible for accounting and financial activities such as establishing contracts with vendors, keeping pay records, and accounting for expenditures. This section is also responsible for all other administrative requirements and acts as the clearinghouse for documentation during the recovery phase.

4.3 Responsibility

School administrators have the responsibility to ensure the safety of their students and staff in an emergency, whether it is an earthquake, a flood, or an act of terrorism. Law requires developing emergency plans and training staff in emergency response

procedures.

The principles of SEMS are incorporated in this plan and school personnel must be trained in how the system works. Schools must also have drills and exercises in order to practice using the system.

5 Authorities and References

5.1 State of California

5.1.1 California Emergency Services Act (Chapter 7, Division 1, title 2, California Government Code).

The Act provides the basic authorities for conducting emergency operations following a proclamation of Local Emergency, State of Emergency, or State of War Emergency by the Governor and/or appropriate local authorities, consistent with the provisions of this Act.

5.1.2 California Government Code, Section 3100, Title 1, Division 4, Chapter 4.

States those public employees are disaster service workers, subject to such disaster service activities as may be assigned to them by their superiors or by law. The term "public employees" includes all persons employed by the state or any county, city, city and county, state agency or public district, excluding aliens legally employed. The law applies to public school employees in the following cases:

- When a local emergency is proclaimed.
- When a state of emergency is proclaimed.
- When a federal disaster declaration is made.

The law has two ramifications for School District employees:

1. It is likely that public school employees are pressed into service as Disaster Service Workers by their superiors, and may be asked to do jobs other than their usual duties for periods exceeding their normal working hours.
2. When pressed into disaster service, employees' Workers' Compensation Coverage becomes the responsibility of state government (OES), but the school pays their overtime pay. These circumstances apply only when a local or state emergency is declared.

States that (the Governor's Office of Emergency Services has stated) "...inadequately trained school staff render school officials potentially liable for acts committed or omitted by school staff during or after a disaster." (Sub Sections 835-840.6).

It requires that school districts be prepared to respond to emergencies using SEMS. (Section 8607, the Petris Bill).

5.1.3 California Civil Code, Chapter 9, Section 1799.102

It provides for "Good Samaritan Liability" for those providing emergency care at the scene of an emergency. ("No person, who, in good faith and not for compensation, renders emergency care at the scene of an emergency, shall be liable for any civil damages resulting from any act or omission. The scene of an emergency shall not include emergency departments and other places where medical care is usually offered.")

5.1.4 California Education Code, Sections 35295-35297 (The Katz Act), Section 40041, 40042.

Requires that a school site disaster plan outline roles, responsibilities, and procedures for students and staff. It also requires that the school site emergency management organizational structure comply with SEMS, Title 19 Section 2400, and be ready for implementation at all times.

5.1.5 California Emergency Plan

Promulgated by the Governor, and published in accordance with the California Emergency Services Act, it provides overall statewide authorities and responsibilities, and describes the functions and operations of government at all levels during extraordinary emergencies, including wartime. Section 8568 of the Act states, in part, that "...the State Emergency Plan shall be in effect in each political subdivision of the state, and the governing body of each political subdivision shall take such action as may be necessary to carry out the provisions thereof." Therefore, local emergency plans are considered extensions of the California Emergency Plan.

The grounds for suspension and expulsion and the procedures for considering, recommending, and/or implementing suspension and expulsion shall be only those specified in law and the accompanying administrative regulation.

Except when otherwise permitted by law, a student may be suspended or expelled only when his/her behavior is related to a school activity or school attendance occurring within any district school or other school district, regardless of when it occurs, including, but not limited to, the following: (Education Code 48900(s))

1. While on school grounds
2. While going to or coming from school
3. During the lunch period, whether on or off the school campus (cf. 5112.5 - Open/Closed Campus)
4. During, going to, or coming from a school-sponsored activity

District staff shall enforce the rules concerning suspension and expulsion of students fairly, consistently, equally, and in accordance with the district's nondiscrimination policies.

(cf. 0410 - Nondiscrimination in District Programs and Activities)

Appropriate Use of Suspension and Expulsion

Except when a student commits an act that violates Education Code 48900(a)-(e) or his/her presence causes a danger to others, suspension shall be used only when other means of correction have failed to bring about proper conduct.

Except when a student commits an act listed in Education Code 48915(c), the Superintendent or designee shall have the discretion to determine whether to recommend to the Board that the student be expelled.

(cf. 5131.7 - Weapons and Dangerous Instruments)

To correct the behavior of any student who is subject to discipline, the Superintendent or designee shall, to the extent allowed by law, first use alternative disciplinary strategies specified in AR 5144 - Discipline. (Education Code 48900.5, 48900.6)

(cf. 1020 - Youth Services)

(cf. 5138 - Conflict Resolution/Peer Mediation)

(cf. 5144 - Discipline)

(cf. 6142.4 - Service Learning/Community Service Classes)

(cf. 6164.2 - Guidance/Counseling Services)

(cf. 6164.5 - Student Success Teams)

Students shall not be suspended or expelled for truancy, tardiness, or absenteeism from assigned school activities.

(cf. 5113 - Absences and Excuses)

(cf. 5113.1 - Chronic Absence and Truancy)

District staff shall not suspend any student for disruption or willful defiance, unless the suspension is warranted by documented repetitive behavior of the student or the disruption or willful defiance occurred in conjunction with another violation for which the student may be suspended.

A student's parents/guardians shall be notified as soon as possible when there is an escalating pattern of misbehavior that could lead to classroom or school removal.

Due Process

The Board shall provide for the fair and equitable treatment of students facing suspension and expulsion by affording them their due process rights under the law. The Superintendent or designee shall comply with procedures for notices, hearings, and appeals as specified in law and administrative regulation. (Education Code 48911, 48915, 48915.5, 48918)

(cf. 5119 - Students Expelled from Other Districts)

(cf. 5144.2 - Suspension and Expulsion/Due Process (Students with Disabilities))

Removal from Class by a Teacher and Parental Attendance

When suspending a student from class for committing an obscene act, engaging in habitual profanity or vulgarity, disrupting school activities, or otherwise willfully defying valid staff authority, the teacher of the class may require any parent/guardian who lives with the student to attend a portion of the school day in the class from which the student is being suspended, to assist in resolving the classroom behavior problems. (Education Code 48900.1)

Teachers should reserve the option of required parental attendance for cases in which they have determined that it is the best strategy to promote positive interaction between the teacher and the student and his/her parents/guardians and to improve the student's behavior.

Any teacher requiring parental attendance pursuant to this policy shall apply the policy uniformly to all students within the classroom. (Education Code 48900.1)

When a teacher requires parental attendance, the principal shall send a written notice to the parent/guardian stating that his/her attendance is required pursuant to law and that, if there are reasonable factors that may prevent the parent/guardian from complying with the requirement, he/she should contact the school. (Education Code 48900.1)

(cf. 5145.6 - Parental Notifications)

A parent/guardian who has received a written notice shall attend class as specified in the notice. After completing the classroom visit and before leaving school premises, the parent/guardian also shall meet with the principal or designee. (Education Code 48900.1)

At the meeting with the student's parent/guardian, the principal or designee shall explain the district's and school's discipline policies, including the disciplinary strategies that may be used to achieve proper student conduct.

When a parent/guardian does not respond to the request to attend school, the principal or designee shall contact him/her by any method that maintains the confidentiality of the student's records.

(cf. 5125 - Student Records)

District regulations and school-site rules for student discipline shall include procedures for implementing parental attendance requirements. Parents/guardians shall be notified of this policy prior to its implementation. (Education Code 48900.1)

Supervised Suspension Classroom

To ensure the proper supervision and ongoing learning of students who are suspended for any of the reasons enumerated in Education Code 48900 and 48900.2, but who pose no imminent danger or threat to anyone at school and for whom expulsion proceedings have not been initiated, the Superintendent or designee shall establish a supervised suspension classroom program which meets the requirements of law.

Except where a supervised suspension is permitted by law for a student's first offense, supervised suspension shall be imposed only when other means of correction have failed to bring about proper conduct. (Education Code 48900.5)

Decision Not to Enforce Expulsion Order

Upon voting to expel a student, the Board may suspend enforcement of the expulsion order pursuant to the requirements of law and administrative regulation. (Education Code 48917)

Maintenance and Monitoring of Outcome Data

The Superintendent or designee shall annually present to the Board a report of the outcome data which the district is required to collect pursuant to Education Code 48900.8 and

48916.1, including the number of students recommended for expulsion, the grounds for each recommended expulsion, the actions taken by the Board, the types of referral made after each expulsion, and the disposition of the students after the expulsion period.

The report shall be disaggregated by school and by numerically significant student subgroups, including, but not limited to, ethnic subgroups, socioeconomically disadvantaged students, English learners, foster youth, and students with disabilities. The report also shall include information about whether and how the district is meeting its goals for improving school climate as specified in its local control and accountability plan.

(cf. 5145.3 - Nondiscrimination/Harassment)

Removal from Class by a Teacher and Parental Attendance

A teacher may remove a student from his/her class for the remainder of the day and the following day only for acts specified in Education Code 48900 and listed under "Grounds for Suspension and Expulsion" above. (Education Code 48910)

When removing a student from his/her class, the teacher shall immediately report this action to the principal or designee and send the student to the principal or designee for appropriate action. If that action requires the continuing presence of the student at school, he/she shall be appropriately supervised during the class periods from which he/she has been removed. (Education Code 48910)

As soon as possible after the teacher decides to remove the student, he/she shall ask the student's parent/guardian to attend a parent-teacher conference regarding the removal. A counselor or psychologist may attend the conference if it is practicable, and a school administrator shall attend if either the parent/guardian or teacher so requests. (Education Code 48910)

A student removed from class shall not be returned to class during the period of removal without the approval of the teacher of the class and the principal or designee. (Education Code 48910)

A student removed from class shall not be placed in another regular class during the period of removal. However, a student assigned to more than one class per day may continue to attend other regular classes except those held at the same time as the class from which he/she was removed. (Education Code 48910)

The teacher of any class from which a student is removed may require the student to complete any assignments and tests missed during the removal. (Education Code 48913)

Pursuant to Board policy, a teacher may require the parent/guardian of a student whom the teacher has removed to attend a portion of a school day in his/her child's classroom. When a teacher makes this request, the principal shall send the parent/guardian a written notice that the parent/guardian's attendance is requested pursuant to law. (Education Code 48900.1)

The notice shall:

1. Inform the parent/guardian when his/her presence is expected and by what means he/she may arrange an alternate date
2. Direct the parent/guardian to meet with the principal after the visit and before leaving school
3. Direct the parent/guardian to contact the school if there are reasonable factors that would prevent him/her from complying with the attendance requirement

Suspension by Superintendent, Principal, or Designee

The Superintendent, principal, or designee shall immediately suspend any student found at school or at a school activity to be: (Education Code 48915(c))

1. Possessing, as verified by a district employee, selling, or otherwise furnishing a firearm, unless the student had obtained prior written permission to possess the item from a certificated school employee, with the principal or designee's concurrence

2. Brandishing a knife as defined in Education Code 48915(g)
3. Unlawfully selling a controlled substance listed in Health and Safety Code 11053-11058
4. Committing or attempting to commit a sexual assault as defined in Penal Code 261, 266c, 286, 288, 288a, or 289, or committing a sexual battery as defined in Penal Code 243.4
5. Possessing an explosive as defined in 18 USC 921

In addition, the Superintendent, principal, or designee may impose a suspension upon a first offense if he/she determines that the student violated any of items #1-5 listed under "Grounds for Suspension and Expulsion" above or if the student's presence causes a danger to persons. (Education Code 48900.5)

For all other offenses, a student may be suspended only when the Superintendent or principal has determined that other means of correction have failed to bring about proper conduct in the student. (Education Code 48900.5)

When other means of correction are implemented prior to imposing suspension or supervised suspension upon a student, the Superintendent, principal, or designee shall document the other means of correction used and retain them in the student's record. (Education Code 48900.5)

(cf. 5125 - Student Records)

Length of Suspension

The Superintendent, principal, or designee may suspend a student from school for not more than five consecutive school days unless the suspension is extended pending expulsion. (Education Code 48911)

A student may be suspended from school for not more than 20 school days in any school year. However, when a student enrolls in or is transferred to another regular school, an opportunity school, or continuation school or class for the purpose of adjustment, he/she may be suspended for not more than 30 school days in a school year. The district may count suspensions that occur while a student is enrolled in another school district toward the maximum number of days for which the student may be suspended in any school year. (Education Code 48903, 48911, 48912)

(cf. 6184 - Continuation Education)

These restrictions on the number of days of suspension shall not apply when the suspension is extended pending an expulsion. (Education Code 48911)

Due Process Procedures for Suspension

Suspensions shall be imposed in accordance with the following procedures:

1. **Informal Conference:** Suspension shall be preceded by an informal conference conducted by the Superintendent, principal, or designee with the student and, whenever practicable, the teacher, supervisor, or school employee who referred the student to the principal. At the conference, the student shall be informed of the reason for the disciplinary action, presented with the evidence against him/her, and given the opportunity to present his/her version and evidence in support of his/her defense. (Education Code 48911)

This conference may be omitted if the Superintendent, principal, or designee determines that an emergency situation exists involving a clear and present danger to the lives, safety, or health of students or school personnel. If a student is suspended without this conference, both the parent/guardian and student shall be notified of the student's right to return to school for the purpose of the conference. The conference shall be held within two school days, unless the student waives his/her right to it or is physically unable to attend for any reason. In such a case, the conference shall be held as soon as the student is physically able to return to school. (Education Code 48911)

2. **Administrative Actions:** All requests for student suspension are to be processed by the principal or designee. A school employee

shall report the suspension, including the name of the student and the cause for the suspension, to the Superintendent or designee. (Education Code 48911)

3. Notice to Parents/Guardians: At the time of the suspension, a school employee shall make a reasonable effort to contact the parent/guardian by telephone or in person. Whenever a student is suspended, the parent/guardian shall be notified in writing of the suspension. (Education Code 48911)

This notice shall state the specific offense committed by the student. (Education Code 48900.8)

In addition, the notice may state the date and time when the student may return to school. If school officials wish to ask the parent/guardian to confer regarding matters pertinent to the suspension, the notice may add that state law requires the parent/guardian to respond to such requests without delay.

4. Parent/Guardian Conference: Whenever a student is suspended, school officials may meet with the parent/guardian to discuss the cause(s) and duration of the suspension, the school policy involved, and any other pertinent matter. (Education Code 48914)

Although the parent/guardian is required to respond without delay to a request for a conference about his/her child's behavior, no penalties may be imposed on the student for the failure of the parent/guardian to attend such a conference. The student may not be denied reinstatement solely because the parent/guardian failed to attend the conference. (Education Code 48911)

5. Extension of Suspension: If the Board is considering the expulsion of a suspended student from any school or the suspension of a student for the balance of the semester from continuation school, the Superintendent or designee may, in writing, extend the suspension until such time as the Board has made a decision. (Education Code 48911)

Any extension of the original period of suspension shall be preceded by notice of such extension with an offer to hold a conference concerning the extension, giving the student an opportunity to be heard. This conference may be held in conjunction with a meeting requested by the student or parent/guardian to challenge the original suspension. Extension of the suspension may be made only if the Superintendent or designee determines, following a meeting in which the student and the student's parent/guardian were invited to participate, that the student's presence at the school or at an alternative school would endanger persons or property or threaten to disrupt the instructional process. (Education Code 48911)

If the student involved is a foster youth, the Superintendent or designee shall notify the district liaison for foster youth of the need to invite the student's attorney and a representative of the appropriate county child welfare agency to attend the meeting. (Education Code 48853.5, 48911, 48918.1)

(cf. 6173.1 - Education for Foster Youth)

In addition to suspending a student, the Superintendent, principal, or designee may provide services or require the student to participate in an alternative disciplinary program designed to correct his/her behavior and keep him/her in school.

Suspension by the Board

The Board may suspend a student for any of the acts listed under "Grounds for Suspension and Expulsion" above and within the limits specified under "Suspension by Superintendent, Principal, or Designee" above. (Education Code 48912)

The Board may suspend a student enrolled in a continuation school or class for a period not longer than the remainder of the semester if any of the acts listed under "Grounds for Suspension and Expulsion" occurred. The suspension shall meet the requirements of Education Code 48915. (Education Code 48912.5)

When the Board is considering a suspension, disciplinary action, or any other action (except expulsion) against any student, it shall hold a closed session if a public hearing would lead to disclosure of information violating a student's right to privacy under Education Code 49073-49079. (Education Code 35146, 48912)

(cf. 9321 - Closed Session Purposes and Agendas)

The Board shall provide the student and his/her parent/guardian with written notice of the closed session by registered or certified

mail or personal service. Upon receiving this notice, the student or parent/guardian may request a public meeting, and this request shall be granted if made in writing within 48 hours after receipt of the Board's notice. However, any discussion that conflicts with any other student's right to privacy still shall be held in closed session. (Education Code 35146, 48912)

Supervised Suspension Classroom

A student for whom an expulsion action has not been initiated and who poses no imminent danger or threat to the school, students, or staff may be assigned to a supervised suspension classroom in a separate classroom, building, or site for the entire period of suspension. The following conditions shall apply: (Education Code 48911.1)

1. The supervised suspension classroom shall be staffed in accordance with law.
2. The student shall have access to appropriate counseling services.
3. The supervised suspension classroom shall promote completion of schoolwork and tests missed by the student during the suspension.
4. The student shall be responsible for contacting his/her teacher(s) to receive assignments to be completed in the supervised suspension classroom. The teacher(s) shall provide all assignments and tests that the student will miss while suspended. If no such work is assigned, the person supervising the suspension classroom shall assign schoolwork.

At the time a student is assigned to a supervised suspension classroom, the principal or designee shall notify the student's parent/guardian in person or by telephone. When the assignment is for longer than one class period, this notification shall be made in writing. (Education Code 48911.1)

Authority to Expel

A student may be expelled only by the Board. (Education Code 48918(j))

The Board shall expel, as required by law, any student found to have committed any offense listed below under "Mandatory Recommendation and Mandatory Expulsion." (Education Code 48915)

For all other grounds listed above under "Grounds for Suspension and Expulsion," the Board shall order a student expelled, upon the recommendation of the Superintendent, principal, or designee, only if the Board makes a finding of either or both of the following: (Education Code 48915(b) and (e))

1. That other means of correction are not feasible or have repeatedly failed to bring about proper conduct
2. That due to the nature of the violation, the presence of the student causes a continuing danger to the physical safety of the student or others

Superintendent, Principal, or Designee's Authority to Recommend Expulsion

Unless the Superintendent, principal, or designee determines that expulsion should not be recommended under the circumstances or that an alternative means of correction would address the conduct, he/she shall recommend a student's expulsion for any of the following acts: (Education Code 48915(a))

1. Causing serious physical injury to another person, except in self-defense
2. Possession of any knife as defined in Education Code 48915(g) or other dangerous object of no reasonable use to the student
3. Unlawful possession of any controlled substance as listed in Health and Safety Code 11053-11058, except for (a) the first offense for the possession of not more than one ounce of marijuana, other than concentrated cannabis, or (b) the student's possession of over-the-counter medication for his/her use or other medication prescribed for him/her by a physician
4. Robbery or extortion
5. Assault or battery, as defined in Penal Code 240 and 242, upon any school employee

In determining whether or not to recommend the expulsion of a student, the Superintendent, principal, or designee shall act as quickly as possible to ensure that the student does not lose instructional time. (Education Code 48915)

Mandatory Recommendation and Mandatory Expulsion

The Superintendent, principal, or designee shall recommend that the Board expel any student found at school or at a school activity to be: (Education Code 48915(c))

1. Possessing, as verified by a district employee, selling, or otherwise furnishing a firearm, unless the student had obtained prior written permission to possess the firearm from a certificated school employee, with the principal or designee's concurrence

However, possession of an imitation firearm, as defined in Education Code 48900(m), shall not be regarded as an offense requiring a mandatory recommendation for expulsion and mandatory expulsion.

2. Brandishing a knife as defined in Education Code 48915(g) at another person

3. Unlawfully selling a controlled substance listed in Health and Safety Code 11053-11058

4. Committing or attempting to commit a sexual assault as defined in Penal Code 261, 266c, 286, 288, 288a, or 289, or committing a sexual battery as defined in Penal Code 243.4

5. Possessing an explosive as defined in 18 USC 921

Upon finding that the student committed any of the above acts, the Board shall expel the student. (Education Code 48915)

Student's Right to Expulsion Hearing

Any student recommended for expulsion shall be entitled to a hearing to determine whether he/she should be expelled. The hearing shall be held within 30 school days after the Superintendent, principal, or designee determines that the student has committed one of the acts listed above under "Grounds for Suspension and Expulsion." (Education Code 48918(a))

The student is entitled to at least one postponement of an expulsion hearing for a period of not more than 30 calendar days. The request for postponement shall be in writing. Any subsequent postponement may be granted at the Board's discretion. (Education Code 48918(a))

If the Board finds it impractical during the regular school year to comply with these time requirements for conducting an expulsion hearing, the Superintendent or designee may, for good cause, extend the time period by an additional five school days. Reasons for the extension shall be included as a part of the record when the expulsion hearing is held. (Education Code 48918(a))

If the Board finds it impractical to comply with the time requirements of the expulsion hearing due to a summer recess of Board meetings of more than two weeks, the days during the recess shall not be counted as school days. The days not counted during the recess may not exceed 20 school days, as defined in Education Code 48925. Unless the student requests in writing that the expulsion hearing be postponed, the hearing shall be held not later than 20 calendar days prior to the first day of the next school year. (Education Code 48918(a))

Once the hearing starts, all matters shall be pursued with reasonable diligence and concluded without unnecessary delay. (Education Code 48918(a))

Stipulated Expulsion

After a determination that a student has committed an offense listed above under "Grounds for Suspension and Expulsion" for which expulsion is permitted or mandatory, the Superintendent, principal, or designee shall offer the student and his/her parent/guardian the option to waive a hearing and stipulate to the expulsion. The offer shall be made only after the student or his/her parent/guardian has been given written notice of the expulsion hearing pursuant to Education Code 48918.

The stipulation agreement shall be in writing and shall be signed by the student and his/her parent/guardian. The stipulation agreement shall include notice of all the rights that the student is waiving, including the waiving of his/her right to have a full

hearing, to appeal the expulsion to the County Board of Education, and to consult legal counsel.

A stipulated expulsion shall be effective upon approval by the Board.

Rights of Complaining Witness

An expulsion hearing involving allegations of sexual assault or sexual battery may be postponed for one school day in order to accommodate the special physical, mental, or emotional needs of a student who is the complaining witness. (Education Code 48918.5)

Whenever the Superintendent or designee recommends an expulsion hearing that addresses

allegations of sexual assault or sexual battery, he/she shall give the complaining witness a copy of the district's suspension and expulsion policy and regulation and shall advise the witness of his/her right to: (Education Code 48918.5)

1. Receive five days' notice of his/her scheduled testimony at the hearing
2. Have up to two adult support persons of his/her choosing present at the hearing at the time he/she testifies
3. Have a closed hearing during the time he/she testifies

Whenever any allegation of sexual assault or sexual battery is made, the Superintendent or designee shall immediately advise complaining witnesses and accused students to refrain from personal or telephone contact with each other during the time when an expulsion process is pending. (Education Code 48918.5)

Written Notice of the Expulsion Hearing

Written notice of the expulsion hearing shall be forwarded to the student and the student's parent/guardian at least 10 calendar days before the date of the hearing. The notice shall include: (Education Code 48900.8, 48918(b))

1. The date and place of the hearing
2. A statement of the specific facts, charges, and offense upon which the proposed expulsion is based
3. A copy of district disciplinary rules which relate to the alleged violation
4. Notification of the student's or parent/guardian's obligation, pursuant to Education Code 48915.1, to provide information about the student's status in the district to any other district in which the student seeks enrollment. This obligation applies when a student is expelled for acts other than those described in Education Code 48915(a) or (c).

(cf. 5119 - Students Expelled from Other Districts)

5. The opportunity for the student or the student's parent/guardian to appear in person or be represented by legal counsel or by a nonattorney advisor

Legal counsel means an attorney or lawyer who is admitted to the practice of law in California and is an active member of the State Bar of California.

Nonattorney advisor means an individual who is not an attorney or lawyer, but who is familiar with the facts of the case and has been selected by the student or student's parent/guardian to provide assistance at the hearing.

6. The right to inspect and obtain copies of all documents to be used at the hearing
 7. The opportunity to confront and question all witnesses who testify at the hearing
 8. The opportunity to question all evidence presented and to present oral and documentary evidence on the student's behalf, including witnesses
- Additional Notice of Expulsion Hearing for Foster Youth

At least 10 days prior to a hearing to determine if a student who is a foster youth as defined under Education Code 48853.5 should

be expelled for an offense not requiring a mandatory recommendation for expulsion, the Superintendent or designee shall notify the student's attorney and a representative of an appropriate county child welfare agency. If the hearing is pursuant to an offense requiring a mandatory expulsion recommendation, the Superintendent or designee may provide the same notification. The notice shall be provided by the most cost-effective method possible, including by email or a telephone call. (Education Code 48918.1)

Conduct of Expulsion Hearing

1. Closed Session: Notwithstanding the provisions of Government Code 54953 and Education Code 35145, the Board shall conduct a hearing to consider the expulsion of the student in a session closed to the public unless the student requests in writing at least five days prior to the hearing that the hearing be a public meeting. If such a request is made, the meeting shall be public unless another student's privacy rights would be violated. (Education Code 48918(c))

Whether the expulsion hearing is held in closed or public session, the Board may meet in closed session to deliberate and determine whether or not the student should be expelled. If the Board admits any other person to this closed session, the parent/guardian, the student, and the counsel of the student also shall be allowed to attend the closed session. (Education Code 48918(c))

If a hearing that involves a charge of sexual assault or sexual battery is to be conducted in public, a complaining witness shall have the right to have his/her testimony heard in closed session when testifying in public would threaten serious psychological harm to the witness and when there are no alternative procedures to avoid the threatened harm, including, but not limited to, videotaped deposition or contemporaneous examination in another place communicated to the hearing room by closed-circuit television. (Education Code 48918(c))

2. Record of Hearing: A record of the hearing shall be made and may be maintained by any means, including electronic recording, as long as a reasonably accurate and complete written transcription of the proceedings can be made. (Education Code 48918(g))

3. Subpoenas: Before commencing a student expulsion hearing, the Board may issue subpoenas, at the request of either the student or the Superintendent or designee, for the personal appearance at the hearing of any person who actually witnessed the action that gave rise to the recommendation for expulsion. After the hearing has commenced, the Board or the hearing officer or administrative panel may issue such subpoenas at the request of the student or the County Superintendent of Schools or designee. All subpoenas shall be issued in accordance with Code of Civil Procedure 1985-1985.2 and enforced in accordance with Government Code 11455.20. (Education Code 48918(i))

Any objection raised by the student or the Superintendent or designee to the issuance of subpoenas may be considered by the Board in closed session, or in open session if so

requested by the student, before the meeting. The Board's decision in response to such an objection shall be final and binding. (Education Code 48918(i))

If the Board determines, or if the hearing officer or administrative panel finds and submits to the Board, that a witness would be subject to unreasonable risk of harm by testifying at the hearing, a subpoena shall not be issued to compel the personal attendance of that witness at the hearing. However, that witness may be compelled to testify by means of a sworn declaration as described in item #4 below. (Education Code 48918(i))

4. Presentation of Evidence: Technical rules of evidence shall not apply to the expulsion hearing, but relevant evidence may be admitted and used as proof only if it is the kind of evidence on which reasonable persons can rely in the conduct of serious affairs. The decision of the Board to expel shall be supported by substantial evidence that the student committed any of the acts pursuant to Education Code 48900 and listed in "Grounds for Suspension and Expulsion" above. (Education Code 48918(h))

Findings of fact shall be based solely on the evidence at the hearing. Although no finding shall be based solely on hearsay, sworn declarations may be admitted as testimony from witnesses whose disclosure of their identity or testimony at the hearing may subject them to an unreasonable risk of physical or psychological harm. (Education Code 48918(f))

In cases where a search of a student's person or property has occurred, evidence describing the reasonableness of the search shall be included in the hearing record.

5. Testimony by Complaining Witnesses: The following procedures shall be observed when a hearing involves allegations of sexual

assault or sexual battery by a student: (Education Code 48918, 48918.5)

- a. Any complaining witness shall be given five days' notice before being called to testify.
- b. Any complaining witness shall be entitled to have up to two adult support persons, including, but not limited to, a parent/guardian or legal counsel, present during his/her testimony.
- c. Before a complaining witness testifies, support persons shall be admonished that the hearing is confidential.
- d. The person presiding over the hearing may remove a support person whom he/she finds is disrupting the hearing.
- e. If one or both support persons are also witnesses, the hearing shall be conducted in accordance with Penal Code 868.5.
- f. Evidence of specific instances of prior sexual conduct of a complaining witness shall be presumed inadmissible and shall not be heard unless the person conducting the hearing determines that extraordinary circumstances require the evidence to be heard. Before such a determination is made, the complaining witness shall be given notice and an opportunity to oppose the introduction of this evidence. In the hearing on the admissibility of this evidence, the complaining witness shall be entitled to be represented by a parent/guardian, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of a complaining witness shall not be admissible for any purpose.
- g. In order to facilitate a free and accurate statement of the experiences of the complaining witness and to prevent discouragement of complaints, the district shall provide a nonthreatening environment.

(1) The district shall provide a room separate from the hearing room for the use of the complaining witness before and during breaks in testimony.

(2) At the discretion of the person conducting the hearing, the complaining witness shall be allowed reasonable periods of relief from examination and cross-examination during which he/she may leave the hearing room.

(3) The person conducting the hearing may:

- (a) Arrange the seating within the hearing room so as to facilitate a less intimidating environment for the complaining witness
- (b) Limit the time for taking the testimony of a complaining witness to the hours he/she is normally in school, if there is no good cause to take the testimony during other hours
- (c) Permit one of the support persons to accompany the complaining witness to the witness stand

6. Decision: The Board's decision as to whether to expel a student shall be made within 40 school days after the student is removed from his/her school of attendance, unless the student requests in writing that the decision be postponed. (Education Code 48918(a))

Alternative Expulsion Hearing: Hearing Officer or Administrative Panel

Instead of conducting an expulsion hearing itself, the Board may contract with the county hearing officer or with the Office of Administrative Hearings of the State of California for a hearing officer. Alternatively, the Board may appoint an impartial administrative panel composed of three or more certificated personnel, none of whom shall be members of the Board or on the staff of the school in which the student is enrolled. (Education Code 48918(d))

A hearing conducted by the hearing officer or administrative panel shall conform to the same procedures applicable to a hearing conducted by the Board as specified above in "Conduct of Expulsion Hearing," including the requirement to issue a decision within 40 school days of the student's removal from school, unless the student requests that the decision be postponed. (Education Code 48918(a) and (d))

The hearing officer or administrative panel shall, within three school days after the hearing, determine whether to recommend expulsion of the student to the Board. If expulsion is not recommended, the expulsion proceeding shall be terminated and the student shall be immediately reinstated. The Superintendent or designee shall place the student in a classroom instructional program, any other instructional program, a rehabilitation program, or any combination of these programs after consulting with district staff, including the student's teachers, and with the student's parent/guardian. The decision to not recommend expulsion shall be final. (Education Code 48918(e))

If expulsion is recommended, findings of fact in support of the recommendation shall be prepared and submitted to the Board. All findings of fact and recommendations shall be based solely on the evidence presented at the hearing. The Board may accept the

recommendation based either upon a review of the findings of fact and recommendations submitted or upon the results of any supplementary hearing the Board may order. (Education Code 48918(f))

In accordance with Board policy, the hearing officer or administrative panel may recommend that the Board suspend the enforcement of the expulsion for a period of one year. (Education Code 48917, 48918)

Final Action by the Board

Whether the expulsion hearing is conducted in closed or public session by the Board, a hearing officer, or an administrative panel or is waived through the signing of a stipulated expulsion agreement, the final action to expel shall be taken by the Board at a public meeting. (Education Code 48918(j))

(cf. 9321.1 - Closed Session Actions and Reports)

If the Board conducts the hearing and reaches a decision not to expel, this decision shall be final and the student shall be reinstated immediately.

Upon ordering an expulsion, the Board shall set a date when the student shall be reviewed for readmission to a school within the district. For a student expelled for any act listed under "Mandatory Recommendation and Mandatory Expulsion" above, this date shall be one year from the date the expulsion occurred, except that the Board may set an earlier date on a case-by-case basis. For a student expelled for other acts, this date shall be no later than the last day of the semester following the semester in which the expulsion occurred. If an expulsion is ordered during summer session or the intersession period of a year-round program, the Board shall set a date when the student shall be reviewed for readmission not later than the last day of the semester following the summer session or intersession period in which the expulsion occurred. (Education Code 48916)

At the time of the expulsion order, the Board shall recommend a plan for the student's rehabilitation, which may include: (Education Code 48916)

1. Periodic review, as well as assessment at the time of review, for readmission
2. Recommendations for improved academic performance, tutoring, special education assessments, job training, counseling, employment, community service, or other rehabilitative programs

With parent/guardian consent, students who have been expelled for reasons relating to controlled substances or alcohol may be required to enroll in a county-sponsored drug rehabilitation program before returning to school. (Education Code 48916.5)

Written Notice to Expel

The Superintendent or designee shall send written notice of the decision to expel to the student or parent/guardian. This notice shall include the following:

1. The specific offense committed by the student for any of the causes for suspension or expulsion listed above under "Grounds for Suspension and Expulsion" (Education Code 48900.8)
2. The fact that a description of readmission procedures will be made available to the student and his/her parent/guardian (Education Code 48916)
3. Notice of the right to appeal the expulsion to the County Board (Education Code 48918)
4. Notice of the alternative educational placement to be provided to the student during the time of expulsion (Education Code 48918)
5. Notice of the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of the student's status with the expelling district, pursuant to Education Code 48915.1 (Education Code 48918)

Decision Not to Enforce Expulsion Order

In accordance with Board policy, when deciding whether to suspend the enforcement of an expulsion order, the Board shall take into account the following criteria:

1. The student's pattern of behavior
2. The seriousness of the misconduct
3. The student's attitude toward the misconduct and his/her willingness to follow a rehabilitation program

The suspension of the enforcement of an expulsion shall be governed by the following:

1. The Board may, as a condition of the suspension of enforcement, assign the student to a school, class, or program appropriate for the student's rehabilitation. This rehabilitation program may provide for the involvement of the student's parent/guardian in the student's education. However, a parent/guardian's refusal to participate in the rehabilitation program shall not be considered in the Board's determination as to whether the student has had when enforcement of the expulsion order is suspended, the student shall be on probationary status. (Education Code 48917)
2. The suspension of the enforcement of an expulsion order may be revoked by the Board if the student commits any of the acts listed under "Grounds for Suspension and Expulsion" above or violates any of the district's rules and regulations governing student conduct.
(Education Code 48917)
3. When the suspension of enforcement of an expulsion order is revoked, a student may be expelled under the terms of the original expulsion order. (Education Code 48917)
4. Upon satisfactory completion of the rehabilitation assignment, the Board shall reinstate the student in a district school. Upon reinstatement, the Board may order the expunging of any or all records of the expulsion proceedings. (Education Code 48917)
5. The Superintendent or designee shall send written notice of any decision to suspend the enforcement of an expulsion order during a period of probation to the student or parent/guardian. The notice shall inform the parent/guardian of the right to appeal the expulsion to the County Board, the alternative educational placement to be provided to the student during the period of expulsion, and the student's or parent/guardian's obligation to inform any new district in which the student seeks to enroll of his/her status with the expelling district, pursuant to Education Code 48915.1(b). (Education Code 48918(j))
6. Suspension of the enforcement of an expulsion order shall not affect the time period and requirements for the filing of an appeal of the expulsion order with the County Board. (Education Code 48917)

Right to Appeal

The student or parent/guardian is entitled to file an appeal of the Board's decision with the County Board. The appeal must be filed within 30 days of the Board's decision to expel, even if the expulsion order is suspended and the student is placed on probation. (Education Code 48919)

The student shall submit a written request for a copy of the written transcripts and supporting documents from the district simultaneously with the filing of the notice of appeal with the County Board. The district shall provide the student with these documents within 10 school days following the student's written request. (Education Code 48919)

Notification to Law Enforcement Authorities

Prior to the suspension or expulsion of any student, the principal or designee shall notify appropriate city or county law enforcement authorities of any student acts of assault which may have violated Penal Code 245. (Education Code 48902)

The principal or designee also shall notify appropriate city or county law enforcement authorities of any student acts which may involve the possession or sale of narcotics or of a controlled substance. In addition, law enforcement authorities shall be notified regarding any acts by students regarding the possession, sale, or furnishing of firearms, explosives, or other dangerous weapons in violation of Education Code 48915(c)(1) or (5) or Penal Code 626.9 and 626.10. (Education Code 48902)

Within one school day after a student's suspension or expulsion, the principal or designee shall notify appropriate city or county law enforcement authorities, by telephone or other appropriate means, of any student acts which may violate Education Code 48900(c) or (d), relating to the possession, use, offering, or sale of controlled substances, alcohol, or intoxicants of any kind. (Education Code 48902)

Post-Expulsion Placements

The Board shall refer expelled students to a program of study that is: (Education Code 48915, 48915.01)

1. Appropriately prepared to accommodate students who exhibit discipline problems
2. Not provided at a comprehensive middle, junior, or senior high school or at any elementary school, unless the program is offered at a community day school established at such a site
3. Not housed at the school site attended by the student at the time of suspension

(cf. 6158 - Independent Study)

(cf. 6185 - Community Day School)

When the placement described above is not available and when the County Superintendent so certifies, students expelled for acts described in items #6-13 and #21-23 under "Grounds for Suspension and Expulsion" above may be referred to a program of study that is provided at another comprehensive middle, junior, or senior high school or at an elementary school. (Education Code 48915)

The program for a student expelled from any of grades K-6 shall not be combined or merged with programs offered to students in any of grades 7-12. (Education Code 48916.1)

Readmission After Expulsion

Readmission procedures shall be as follows:

1. On the date set by the Board when it ordered the expulsion, the district shall consider readmission of the student. (Education Code 48916)
2. The Superintendent or designee shall hold a conference with the parent/guardian and the student. At the conference, the student's rehabilitation plan shall be reviewed and the Superintendent or designee shall verify that the provisions of this plan have been met. School regulations shall be reviewed and the student and parent/guardian shall be asked to indicate in writing their willingness to comply with these regulations.
3. The Superintendent or designee shall transmit to the Board his/her recommendation regarding readmission. The Board shall consider this recommendation in closed session if information would be disclosed in violation of Education Code 49073- 49079. If a written request for open session is received from the parent/guardian or adult student, it shall be honored.
4. If the readmission is granted, the Superintendent or designee shall notify the student and parent/guardian, by registered mail, of the Board's decision regarding readmission.
5. The Board may deny readmission only if it finds that the student has not satisfied the conditions of the rehabilitation plan or that the student continues to pose a danger to campus safety or to other district students or employees. (Education Code 48916)
6. If the Board denies the readmission of a student, the Board shall determine either to continue the student's placement in the alternative educational program initially selected or to place the student in another program that serves expelled students, including placement in a county community school. (Education Code 48916)
7. The Board shall provide written notice to the expelled student and parent/guardian describing the reasons for denying readmittance into the regular program. This notice shall

indicate the Board's determination of the educational program which the Board has chosen. The student shall enroll in that program unless the parent/guardian chooses to enroll the student in another school district. (Education Code 48916)

No student shall be denied readmission into the district based solely on the student's arrest, adjudication by a juvenile court, formal or informal supervision by a probation officer, detention in a juvenile facility, enrollment in a juvenile court school, or other such contact with the juvenile justice system. (Education Code 48645.5)

Maintenance of Records

The district shall maintain a record of each suspension and expulsion, including its specific cause(s). (Education Code 48900.8)

Expulsion records of any student shall be maintained in the student's mandatory interim record and sent to any school in which the student subsequently enrolls upon written request by that school. (Education Code 48918(k))

The Superintendent or designee shall, within five working days, honor any other district's request for information about an expulsion from this district. (Education Code 48915.1)

Regulation LIVERMORE VALLEY JOINT UNIFIED SCHOOL DISTRICT

approved: April 2, 2009 Livermore, California

revised: June 4, 2013

revised: February 3, 2015

Administrative Regulation

Suspension And Expulsion/Due Process (Students With Disabilities)

AR 5144.2

Students

A student identified as an individual with disabilities pursuant to the Individuals with Disabilities Education Act (IDEA), 20 USC 1400-1482, is subject to the same grounds and procedures for suspension and expulsion which apply to students without disabilities, except as otherwise specified in this administrative regulation.

(cf. 5144.1 - Suspension and Expulsion/Due Process)

Procedures for Students Not Yet Eligible for Special Education Services

A student who has not been officially identified as a student with disabilities pursuant to IDEA and who has engaged in behavior that violated the district's code of student conduct may nevertheless assert any of the protections under IDEA if the district had knowledge that the student is disabled before the behavior that precipitated the disciplinary action occurred. (20 USC 1415(k)(5); 34 CFR 300.534)

The district shall be deemed to have knowledge that the student has a disability if one of the following conditions exists: (20 USC 1415(k)(5); 34 CFR 300.534)

1. The parent/guardian has expressed concern to district supervisory or administrative personnel in writing, or to a teacher of the student, that the student is in need of special education or related services.
2. The parent/guardian has requested an evaluation of the student for special education pursuant to 34 CFR 300.300-300.311.

(cf. 6164.4 - Identification and Evaluation of Individuals for Special Education)

3. The teacher of the student or other district personnel has expressed specific concerns directly to the district's director of special education or to other supervisory district personnel about a pattern of behavior demonstrated by the student.

The district would be deemed to not have knowledge that a student is disabled if the student's parent/guardian has not allowed him/her to be evaluated for special education services or has refused services. In addition, the district would be deemed to not have knowledge if the district conducted an evaluation pursuant to 34 CFR 300.300-300.311 and determined that the student was not an individual with a disability.

When the district is deemed to not have knowledge of the disability, the student shall be disciplined in accordance with procedures

established for students without disabilities who engage in comparable behavior. (20 USC 1415(k)(5); 34 CFR 300.534)

If a request is made for an evaluation of a student during the time period in which the student is subject to disciplinary measures pursuant to 34 CFR 300.530, the evaluation shall be conducted in an expedited manner. Until the evaluation is completed, the student shall remain in the educational placement determined by school authorities. (20 USC 1415(k)(5); 34 CFR 300.534)

Suspension

The Superintendent or designee may suspend a student with a disability for up to 10 consecutive school days for a single incident of misconduct, and for up to 20 school days in a school year, as long as the suspension(s) does not constitute a change in placement pursuant to 34 CFR 300.536. (Education Code 48903; 34 CFR 300.530)

The principal or designee shall monitor the number of days, including portions of days, in which a student with a valid individualized education program (IEP) has been suspended during the school year.

The Superintendent or designee shall determine, on a case-by-case basis, whether a pattern of removals of a student from his/her current educational placement for disciplinary reasons constitutes a change of placement. A change of placement shall be deemed to have occurred under any of the following circumstances: (34 CFR 300.536)

1. The removal is for more than 10 consecutive school days.
2. The student has been subjected to a series of removals that constitute a pattern because of all of the following:
 - a. The series of removals total more than 10 school days in a school year.
 - b. The student's behavior is substantially similar to his/her behavior in previous incidents that resulted in the series of removals.
 - c. Additional factors, such as the length of each removal, the total amount of time the student has been removed, and the proximity of the removals to one another, indicate a change of placement.

If a student's removal is determined to be a change of placement as specified in items #1- 2 above, or the student is suspended for more than 10 school days in the same school year, the student's IEP team shall determine the appropriate educational services. Such services shall be designed to enable the student to continue to participate in the general education curriculum in another setting, to progress toward meeting the goals set out in his/her IEP, and to address the student's behavior violation so that it does not recur. (20 USC 1412(a)(1)(A); 34 CFR 300.530)

If the IEP of a student with a disability requires the district to provide the student with transportation, the district shall provide the student with an alternative form of transportation at no cost to him/her or to his/her parent/guardian when he/she is to be excluded from school bus transportation. (Education Code 48915.5)

(cf. 3541.2 - Transportation for Students with Disabilities)

Interim Alternative Educational Placement Due to Dangerous Behavior

The district may unilaterally place a student with a disability in an appropriate interim alternative educational setting for up to 45 school days, without regard to whether the behavior is a manifestation of the student's disability, when the student commits one of the following acts while at school, going to or from school, or at a school-related function: (20

USC 1415(k)(1)(G); 34 CFR 300.530)

1. Carries or possesses a weapon, as defined in 18 U SC 930
2. Knowingly possesses or uses illegal drugs
3. Sells or solicits the sale of a controlled substance as identified in 21 USC 812(c), Schedules I-V
4. Inflicts serious bodily injury upon another person as defined in 18 USC 1365

The student's interim alternative educational setting shall be determined by his/her IEP team. (20 USC 1415(k)(1)(G), 34 CFR 300.531)

On the date the decision to take disciplinary action is made, the parents/guardians of the student shall be notified of the decision and provided the procedural safeguards notice pursuant to 34 CFR 300.504. (20 USC 1415(k)(1)(H); 34 CFR 300.530)

A student who has been removed from his/her current placement because of dangerous behavior shall receive services, although in another setting, to the extent necessary to allow him/her to participate in the general education curriculum and to progress toward meeting the goals set out in his/her IEP. As appropriate, the student shall also receive a functional behavioral assessment and behavioral intervention services and modifications that are designed to address the behavior violation so that it does not recur. (20 USC 1415(k)(1)(D); 34 CFR 300.530)

Manifestation Determination

The following procedural safeguards shall apply when a student is suspended for more than 10 consecutive school days, when a series of removals of a student constitutes a pattern, or when a change of placement of a student is contemplated due to a violation of the district's code of conduct:

1. Notice: On the date the decision to take disciplinary action is made, the parents/guardians of the student shall be notified of the decision and provided the procedural safeguards notice pursuant to 34 CFR 300.504. (20 USC 1415(k)(1)(H); 34 CFR 300.530)

(cf. 5145.6 - Parental Notifications)

(cf. 6159.1 - Procedural Safeguards and Complaints for Special Education)

2. Manifestation Determination Review: Immediately if possible, but in no case later than 10 school days after the date the decision to take disciplinary action is made, a manifestation determination review shall be made of the relationship between the student's disability and the behavior subject to the disciplinary action. (20 U SC 1415(k)(1)(E); 34 CFR 300.530)

At the manifestation determination review, the district, the student's parent/guardian, and relevant members of the IEP team (as determined by the district and parent/guardian) shall review all relevant information in the student's file, including the student's IEP, any teacher observations, and any relevant information provided by the parents/guardians, to determine whether the conduct in question was either of the following: (20 USC 1415(k)(1)(E); 34 CFR 300.530)

a. Caused by or had a direct and substantial relationship to the student's disability

b. A direct result of the district's failure to implement the student's IEP, in which case the district shall take immediate steps to remedy those deficiencies

If the manifestation review team determines that a condition in either #a or #b above was met, the student's conduct shall then be determined to be a manifestation of the student's disability. (20 USC 1415(k)(1)(E); 34 CFR 300.530)

3. Determination that Behavior is a Manifestation of the Student's Disability: When the student's conduct has been determined to be a manifestation of the student's disability, the IEP team shall conduct a functional behavioral assessment, unless a functional behavioral assessment had been conducted before the occurrence of the behavior that resulted in the change of placement, and shall implement a behavioral intervention plan for the student. If a behavior intervention plan has already been developed, the IEP team shall review the behavioral intervention plan and modify it as necessary to address the behavior. (20 USC 1415(k)(1)(F); 34 CFR 300.530)

The student shall be returned to the placement from which he/she was removed, unless the parent/guardian and Superintendent or designee, agree to a change of placement as part of the modification of the behavioral intervention plan. (20 USC 1415(k)(1)(F); 34 CFR 300.530)

(cf. 6159.4 - Behavioral Interventions for Special Education Students)

4. Determination that Behavior is Not a Manifestation of the Student's Disability: If the manifestation determination review team determines that the student's conduct was not a manifestation of his/her disability, the student may be disciplined in accordance with the procedures for students without disabilities. (20 USC 1415(k)(1)(D); 34 CFR 300.530)

The student shall receive services to the extent necessary to participate in the general education curriculum in another setting and to allow him/her to progress toward meeting the goals set out in his/her IEP.

As appropriate, the student shall also receive a functional behavioral assessment and behavioral intervention services and modifications that are designed to address the behavior violation so that it does not recur. (20 USC 1415(k)(1)(D); 34 CFR 300.530)

(cf. 6158 - Independent Study)

(cf. 6185 - Community Day School)

Due Process Appeals

If the parent/guardian disagrees with any district decision regarding placement under 34 CFR 300.530 (suspension and removal for dangerous circumstances) or 34 CFR 300.531 (interim alternative placement), or the manifestation determination under 34 CFR

300.530(e), he/she may appeal the decision by requesting a hearing. The district may request a hearing if the district believes that maintaining the student's current placement is substantially likely to result in injury to the student or others. In order to request a due process hearing, the requesting party shall file a complaint pursuant to 34 CFR 300.507 and

300.508(a) and (b). (20 USC 1415(k)(3); 34 CFR 300.532)

Whenever a hearing is requested as specified above, the parent/guardian or the district shall have an opportunity for an expedited due process hearing consistent with requirements specified in 34 CFR 300.507, 300.508 (a)-(c), and 300.510- 300.514. If the student's parent/guardian or the district has initiated a due process hearing under 34 CFR 300.532 as detailed above, the student shall remain in the interim alternative educational setting pending the decision of the hearing officer or until the expiration of the 45-day time period, whichever occurs first, unless the parent/guardian and district agree otherwise. (20 USC 1415(k)(4); 34 CFR 300.533)

Readmission

Readmission procedures for students with disabilities shall be the same as those used for all students. Upon readmission of a student with disabilities, an IEP team meeting shall be convened to review and, as necessary, modify the student's IEP.

Decision Not to Enforce Expulsion Order

The Board of Education's criteria for suspending the enforcement of an expulsion order shall be applied to students with disabilities in the same manner as they are applied to all other students. (Education Code 48917)

Notification to Law Enforcement Authorities

Law enforcement notification requirements involving students with disabilities shall be the same as those specified for all students in AR 5144.1 - Suspension and Expulsion/Due Process.

When giving any required notification concerning a student with disabilities to any law enforcement official, the principal or designee shall require the law enforcement official to certify in writing that he/she will not disclose the student's information or records to any other person without the prior written consent of the student's parent/guardian. (Education Code 49076)

(cf. 5131.7 - Weapons and Dangerous Instruments)

Report to County Superintendent of Schools

The Superintendent or designee shall report to the County Superintendent when any special education student has been expelled or suspended for more than 10 school days. The report shall include the student's name, last known address, and the reason for the action.

Board Policy

Discipline

BP 5144

Students

The Board of Education desires to provide a safe, supportive, and positive school environment conducive to student learning and prepare students for responsible citizenship by fostering self-discipline and personal responsibility. The Board believes that high expectations for student behavior, effective classroom management and parent involvement can minimize the need for discipline. Staff shall use preventative measures and positive conflict resolution techniques whenever possible.

The Superintendent or designee shall approve, for each school, a complement of effective, age-appropriate strategies for correcting student behavior. Such strategies may include, but are not limited to, conferences with students and their parents/guardians; use of study, guidance, or other intervention-related teams; enrollment in a program teaching prosocial behavior or anger management; and participation in a restorative justice program. Staff shall use preventative measures and positive conflict resolution techniques whenever possible. Disciplinary measures that may result in loss of instructional time or cause students to be disengaged from school, such as suspension and expulsion, shall be imposed only when required by law and when other means of correction have failed. (Education Code 48900.5)

(cf. 5020 - Parent Rights and Responsibilities)

(cf. 5137 - Positive School Climate)

(cf. 5145.3 - Nondiscrimination/Harassment)

(cf. 5145.9 - Hate-Motivated Behavior)

(cf. 6020 - Parent Involvement)

Board policies and regulations shall delineate acceptable student conduct and provide the basis for sound disciplinary practices. Each school shall develop disciplinary rules to meet the school's individual needs. However, the rules shall be consistent with law, Board policy, and district regulations. The Board may review, at an open meeting, the approved school discipline rules for consistency with Board policy and State law. (Education Code 35291.5)

(cf. 5131 - Conduct)

(cf. 5131.1 - Bus Conduct)

(cf. 5144.1 - Suspension and Expulsion/Due Process)

(cf. 5144.2 - Suspension and Expulsion/Due Process (Students with Disabilities))

When misconduct occurs, staff shall implement appropriate discipline and attempt to identify and address the causes of the student's behavior. Persistently disruptive students may be assigned to alternative programs or removed from school in accordance with law, Board policy and administrative regulation. When choosing between different disciplinary strategies, staff shall consider the effect of each option on the student's health and opportunity to learn. At all times, the safety of students and staff and the maintenance of an orderly school environment shall be priorities in determining appropriate discipline.

Safety Plan Review, Evaluation and Amendment Procedures

6 Definitions

6.1 Incidents, Emergencies, and Disasters

6.1.1 Incident

An incident is an occurrence or event, either human-caused or caused by natural phenomena, that requires action by emergency response personnel to prevent or minimize loss of life or damage to property and/or natural resources.

Incidents may result in extreme peril to the safety of persons and property and may lead to, or create conditions of disaster. Incidents may also be rapidly mitigated without loss or damage. Although they may not meet disaster level definition, larger incidents may call for managers to proclaim a "Local Emergency".

Incidents are usually a single event that may be small or large. They occur in a defined geographical area and require local resources or, sometimes, mutual aid. There is usually one to a few agencies involved in dealing with an ordinary threat to life and property and to a limited population. Usually a local emergency is not declared and the jurisdictional EOC is not activated. Incidents are usually of short duration, measured in hours or, at most, a few days. Primary command decisions are made at the scene along with strategy, tactics, and resource management decisions

6.1.2 Emergency

The term emergency is used in several ways. It is a condition of disaster or of extreme peril to the safety of persons and property. In this context, an emergency and an incident could mean the same thing, although an emergency could have more than one incident associated with it.

Emergency is also used in Standardized Emergency Management System (SEMS) terminology to describe agencies or facilities, e.g., Emergency Response Agency, Emergency Operations Center, etc.

Emergency also defines a conditional state such as a proclamation of "Local Emergency". The California Emergency Services Act, of which SEMS is a part, describes three states of emergency:

- State of War Emergency
- State of Emergency
- State of Local Emergency

6.1.3 Disaster

A disaster is defined as a sudden calamitous emergency event bringing great damage, loss, or destruction. Disasters may occur with little or no advance warning, e.g., an earthquake or a flash flood, or they may develop from one or more incidents, e.g., a major wildfire or hazardous materials discharge.

Disasters are either single or multiple events that have many separate incidents associated with them. The resource demand goes beyond local capabilities and extensive mutual aid and support are needed. There are many agencies and jurisdictions involved including multiple layers of government. There is usually an extraordinary threat to life and property affecting a generally widespread population and geographical area. A disaster's effects last over a substantial period of time (days to weeks) and local government will proclaim a Local Emergency. Emergency Operations Centers are activated to provide centralized overall coordination of jurisdictional assets, departments and incident support functions. Initial recovery coordination is also a responsibility of the EOCs.

Response Levels

7.1 Response Levels are used to describe the type of event:

The area(s) affected, the extent of coordination or assistance needed, and the degree of participation expected from the School District. Response Levels are closely tied to Emergency Proclamations issued by the head of local government.

7.1.1 Response Level 0 - Readiness & Routine Phase

On-going routine response by the School District to daily emergencies or incidents. Stand-by and alert procedures issued in advance of an anticipated or planned event.

7.1.2 Response Level 1 - Local Emergency

A minor to moderate incident in which local resources are adequate and available. This level of emergency response occurs when an emergency incident, e.g., gas leak, sewer back-up, assaults, bomb threat, toxic spill, medical emergency, shooting, etc., occurs at a single site. A Level 1 response requires School/Site Coordinators to implement guidelines in the Emergency Standard Operating Procedures.

7.1.3 Response Level 2 - Local Disaster

A moderate to severe emergency in which resources are not adequate and mutual aid may be required on a regional, even statewide basis. The Cities and the County of Alameda will proclaim a local emergency. Then, the State of California may declare a state of emergency. This response level occurs when multiple sites are impacted by related incidents and local police and fire departments are working in concert with Livermore Valley Joint Unified School District to respond.

7.1.4 Response Level 3 - Major Disaster

Resources in or near the impacted areas are overwhelmed and extensive State and Federal resources are required. The cities and the County of Alameda will proclaim a local emergency. Then, the State of California will declare a State of Emergency. A Presidential Declaration of an Emergency or Major Disaster is requested by the State. Examples of major disasters are the Loma Prieta Earthquake of 1989 or the Oakland Hills Firestorm of 1991.

Emergency Phases

8.1 General Information On Emergencies

Some emergencies will be preceded by a build-up or warning period, providing sufficient time to warn the population and implement mitigation measures designated to reduce loss of life and property damage. Other emergencies occur with little or no advance warning, thus requiring immediate activation of the emergency operations plan and commitment of resources. All employees must be prepared to respond promptly and effectively to any foreseeable emergency, including the provision and use of

mutual aid.

Emergency management activities during peacetime and national security emergencies are often associated with the phases indicated below. However, not every disaster necessarily includes all indicated phases.

8.1.1 Mitigation Phase

Mitigation is perhaps the most important phase of emergency management. However, it is often the least used and generally the most cost effective. Mitigation is often thought of as taking actions to strengthen facilities, abatement of nearby hazards, and reducing the potential damage either to structures or their contents.

While it is not possible to totally eliminate either the destructive force of a potential disaster or its effects, doing what can be done to minimize the effects may create a safer environment that will result in lower response costs, and fewer casualties.

8.1.2 Preparedness Phase

The preparedness phase involves activities taken in advance of an emergency. These activities develop operational capabilities and responses to a disaster. Those identified in this plan as having either a primary or support mission relative to response and recovery review Standard Operating Procedures (SOPs) and checklists detailing personnel assignments, policies, notification procedures, and resource lists. Personnel are acquainted with these SOPs and checklists and periodically are trained in activation and execution.

8.1.3 Response Phase

Pre-Impact: Recognition of the approach of a potential disaster where actions are taken to save lives and protect property. Warning systems may be activated and resources may be mobilized, EOCs may be activated and evacuation may begin.

Immediate Impact: Emphasis is placed on saving lives, controlling the situation, and minimizing the effects of the disaster. Incident Command Posts and EOCs may be activated, and emergency instructions may be issued.

Sustained: As the emergency continues, assistance is provided to victims of the disaster and efforts are made to reduce secondary damage. Response support facilities may be established. The resource requirements continually change to meet the needs of the incident.

8.1.4 Recovery Phase

Recovery is taking all actions necessary to restore the area to pre-event conditions or better, if possible. Therefore, mitigation for future hazards plays an important part in the recovery phase for many emergencies. There is no clear time separation between response and recovery. In fact, planning for recovery should be a part of the response phase.

Emergency Policies

9.1 Livermore Valley Joint Unified School District Policies

9.1.1 Certain policies governing emergency preparedness and response within the District are established.

The safety of students is paramount. All actions taken shall bear this in mind as well as the safety and well-being of employees.

If a disaster occurs during school hours, school will not be dismissed without the express approval of the Superintendent or his/her designee. Students will remain under the supervision of school authorities until released to parents or their pre-authorized representative. The following notifications shall be made as soon as a closure decision is made:

- Board of Education
- District personnel
- Parents through the local area media

- Police, fire, and other agencies
- State & Federal legislators and other officials
- City(s) and County Office of Emergency Services
- County and State Departments of Education
- Local hospitals and County Emergency Medical Services

If parents or guardians come to the school and properly identify themselves, students will be released per each school plan.

Since District personnel are expected to assist in post-disaster care of students, arrangements for the care of their own family should be prearranged in order to permit discharge of this emergency responsibility.

Each school and alternate, adult, and special education center site will have a designated Site Coordinator (the principal or site manager) who shall supervise the planning and implementation of the Site Emergency Operations Plan (EOP). An alternate Coordinator shall be named to serve if the designated Site Coordinator is absent.

The Site Coordinator shall prepare a list of staff to be assigned specific emergency response roles as outlined in this plan. This list shall be prepared at the beginning of each school year.

Each site coordinator shall conduct a survey of certificated and classified personnel to determine each employee's status in terms of first aid training, disaster preparedness training, and other emergency experience and training. Records will be kept current as changes of personnel occur. Copies of records will be kept on file in the site coordinator's office, and a copy will be forwarded to District Facilities Management.

Students may be included in planning and implementation of the Site EOP. Sports teams, clubs, and other student organizations should be encouraged to become sources of leadership among their peers in first aid and disaster preparedness & response.

Solicit cooperation of the PTA and other parent groups in organizing disaster response activities and assignments.

In preparation for the possibility of a long stay at schools and alternate/adult education centers, the Site Coordinator shall prepare a list of students and staff who have special conditions requiring medications and/or special attention.

9.1.2 Assumptions inherent in the District's response to any disaster include:

All District emergencies are reported to the Superintendent's Office and to the Facilities Management Office.

District sites (schools and alternative adult and education centers) may implement their respective EOP independent of the District EOP.

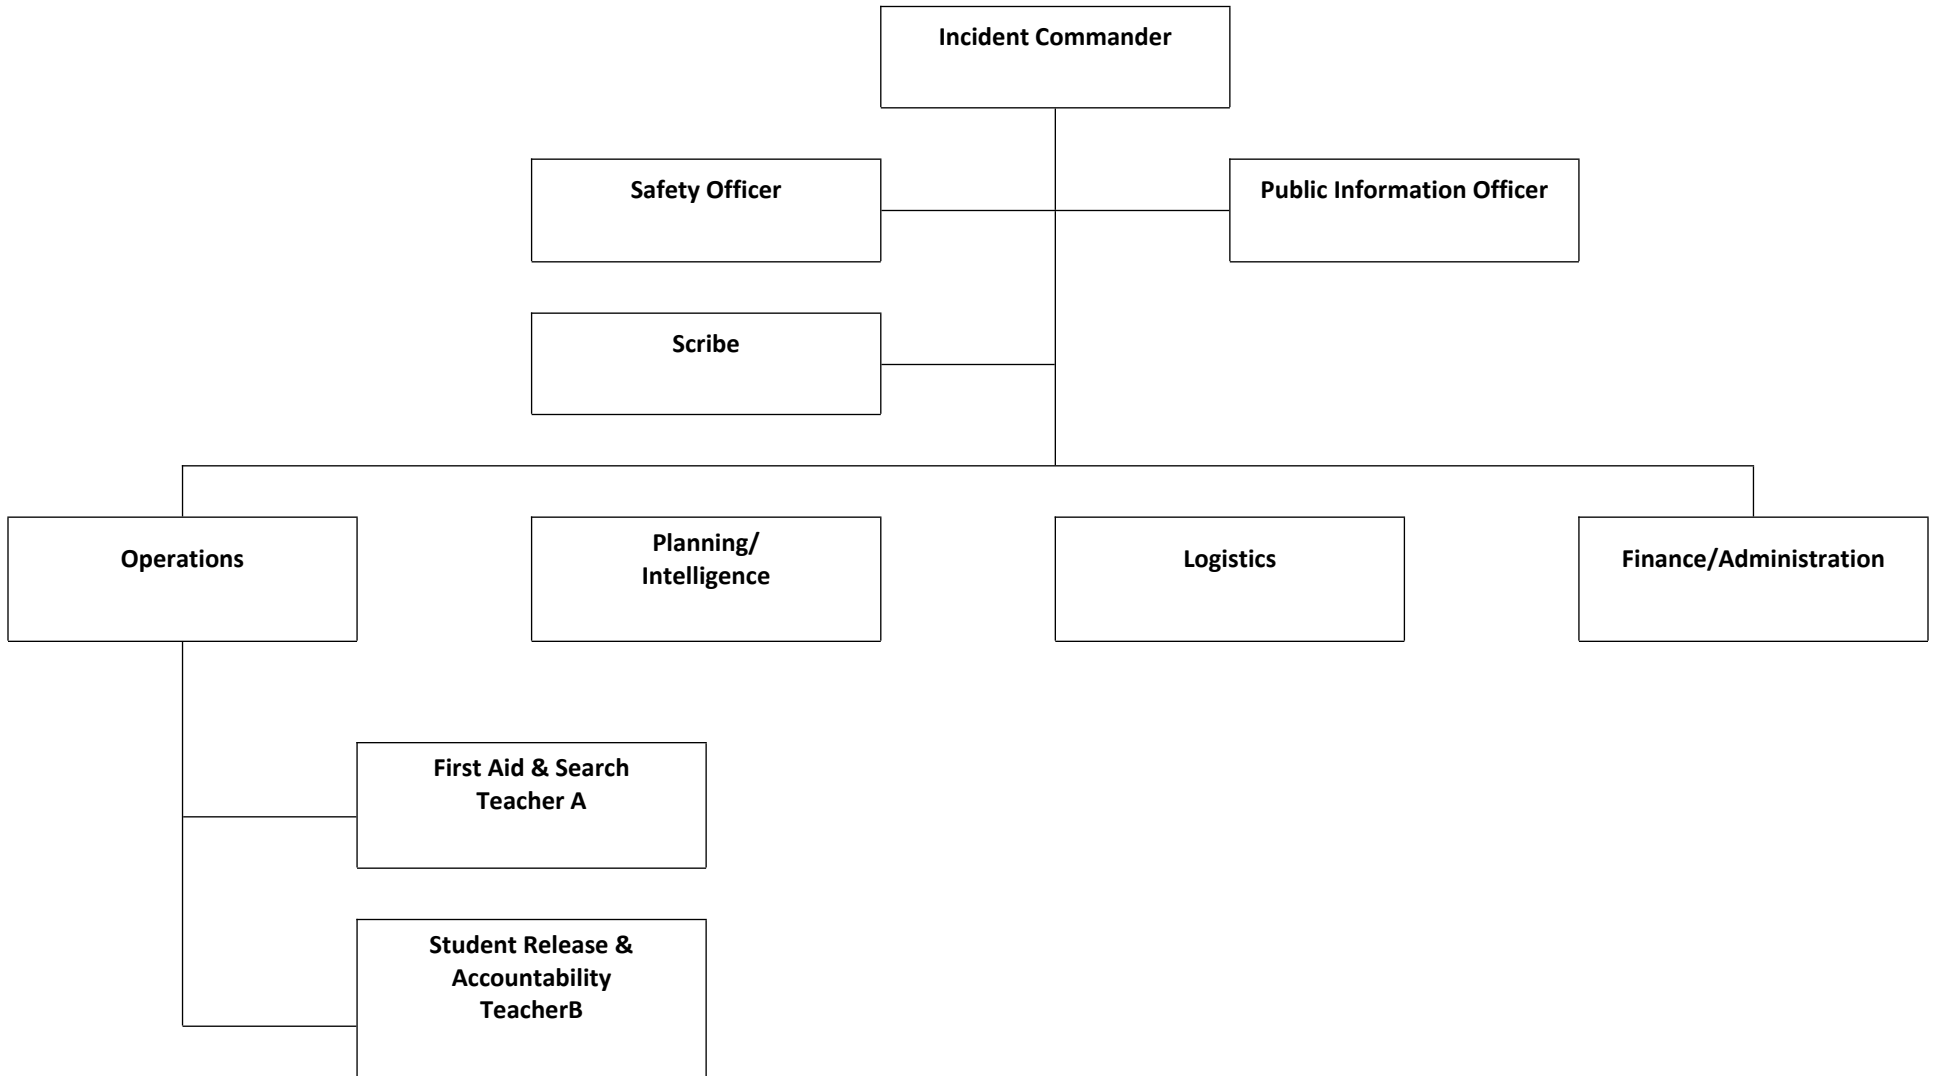

Depending on the severity and scope of the emergency, and its effect on individual sites, the Site EOP and its Emergency Management Organization may or may not be activated.

The Site Emergency Management Organization will be partially or fully staffed, as deemed necessary, by the Site Coordinator.

When a local emergency is proclaimed by the Superintendent (and later ratified by the school board), the District's policies and procedures outlined in this plan become effective.

Incident Command Team Responsibilities

Standardized Emergency Response Management System Overview

The California Standardized Emergency Management System (SEMS) is designed to centralize and coordinate emergency response through the use of standardized terminology and processes. This greatly facilitates the flow of information and resources among the agencies participating in response to an emergency. SEMS consists of five functions:

Management

During an emergency, the Incident Commander directs response actions from a designated Command Post. To effectively do this, the Incident Commander must constantly assess the situation, and develop and implement appropriate strategies. The Incident Commander must be familiar with the available resources, accurately document all response actions, and effectively communicate response strategies to others participating in the response. This function is typically filled by the school principal. The principal is assisted in carrying out this function by a Public Information & Liaison Officer and Safety Officer.

Planning & Intelligence

Planning and Intelligence involves the use of various methods to efficiently gather information, weigh and document the information for significance, and actively assess the status of the emergency. This understanding and knowledge about the situation at hand is vital to the effective management of a response. These activities are performed by a single person who reports directly to the Incident Commander.

Operations

All response actions are implemented under by Operations. This includes staff performing first aid, crisis intervention, search and rescue, site security, damage assessment, evacuations, and the release of students.

Logistics

Logistics supports the response by coordinating personnel; assembling and deploying volunteers; providing supplies, equipment, and services; and facilitating communications among emergency responders.

Finance & Administration

Finance & Administration involves the purchasing of all necessary materials, tracking financial records, timekeeping for emergency responders, and recovering school records following an emergency. These activities are performed by a single person who reports directly to the Incident Commander.

Emergency Response Guidelines

Step One: Identify the Type of Emergency

Emergency Organization

10.1 Overall Emergency Structure

SEMS requires that all public agencies use the five designated functions to serve as the basis for organizing emergency planning and response. Livermore Valley Joint Unified School District emergency response organization is based on these functions.

10.2 District Management Section Structure, Office of the Superintendent

10.2.1 District Management Section Structure Chart

An emergency requires constant management. The Emergency Operations Center shall have management represented AT ALL TIMES. In the District, this responsibility falls upon the Assistant Superintendent of Business, the Emergency Manager.

10.2.2 District Management Section Structure Definitions

Superintendent

Overall management of the School District at all times. Delegates responsibility for uniform planning and execution of details of the disaster preparedness program for the district. Establishes a chain of command for emergencies. Establishes communication between the schools and the District EOC using the district telephone tree. Directs each principal to prepare and publish plans for their school on procedures for emergency or disaster situations. Requires that prescribed training and disaster plans are implemented. Requires that schools maintain first aid equipment and other emergency supplies. Plans for safe storage of district records. Requires a list of emergency contacts (law enforcement, fire, medical, etc.), with telephone numbers and addresses to be maintained at the district office, each school site, the M&O, and other facilities. Informs the public, particularly the parents of enrolled pupils, about the school district's emergency program, and their responsibilities and participation in the plan.

Safety Officer

Oversees all operations to make sure that emergency responders are working in a safe environment. Takes steps, with the approval of the Superintendent, to set policies and change procedures to ensure maximum safety. Directs the use of school facilities for community's care, if required. Designs and implements in-service training of permanent and substitute employees in emergency techniques. Coordinates safety inspections of all buildings and District Office.

Liaison to the City of Livermore

Interfaces with the City of Livermore Emergency Operations Center and oversees interests of the School District. Provides information to the City of Livermore EOC to support their operations.

Public Information / Liaison Officer (PIO)

Direct representative of the Board to the Superintendent. Conduit for information flow between the Board and Superintendent. During an emergency, the School Board Liaison must be available to the Superintendent at all times. Also serves as the point of contact for assisting and cooperating with agency representatives (fire, law enforcement, Red Cross).

Authorized to speak for the District. Schools and other District sites refer media inquiries to the PIO. If an immediate response from a school is required and the PIO is not accessible, the site manager or principal prepares a statement.

Emergency Manager

From the EOC, constantly assesses the situation. Knows what resources are available. Determines strategy for implementing the plan to handle the incident. Monitors how well (or poorly) the plan is working. Adjusts the plan to meet the realities of the situation. Makes sure that the response is being fully documented - for legal financial reasons. Coordinates all response activities through the section chiefs. Keeps the Superintendent informed of the progress and strategies implemented during the response.

If appropriate to the situation, and no other person is available, acts as Safety Officer to make sure that the safety of students and staff and others on the site is the highest priority. The Emergency Manager can also perform the positions of information officer and liaison when designated persons are not available.

Maintains and coordinates the operation of the Emergency Communications System. Establishes radio contact with all district facilities. Manages site and hazard surveys, recommending changes where resources cannot accomplish needed changes.

Continuity and efficiency require that the Emergency Manager be in the EOC throughout the response and use a "hands-off" approach to managing response activities.

Step Two: Identify the Level of Emergency

Emergency Operations Center (EOC)

12.1 Explanation of the EOC

The Emergency Operations Center (EOC) is the location from which centralized management of an emergency response is performed. The use of EOCs is a standard practice in emergency management.

The Emergency Manager and key decision-making personnel operate from the EOC during the emergency response, establishing policy and priorities. It serves as the central point for information gathering, processing, and dissemination; coordination of all Livermore Valley Joint Unified School District emergency operations, and coordination with other agencies and the City EOC. The EOC is partially or fully activated by the Emergency Manager, according to the requirements of the situation.

The EOC is organized according to SEMS, as noted earlier in this plan. The Emergency Manager and the section chiefs serve as the EOC management team, along with the Public Information Officer, Safety Officer, and Liaison.

Unless otherwise specified, the EOC should not be providing tactical direction to the various incidents that are being conducted in the field using the Incident Command System.

The EOC is in the Board Room at the District Office. In the event of a major disaster, the location may be moved at the discretion of the Emergency Manager. The next page shows a diagram of the Board Room in EOC configuration. If activated, it should be set up as closely as possible to the diagram.

12.2 EOC Activation

12.2.1 When the EOC is activated

Activation of the District EOC means that at least one District official implements SEMS as appropriate to the scope of the emergency and the District's role in response to the emergency. The District EOC is activated when routine use of resources needs support and/or augmentation. The District official implementing SEMS may function from the EOC or from other locations depending on the situation.

Activated EOCs may be partially or fully staffed to meet the demands of the situation. The District maintains three EOC staffing levels that can be applied to various situations. Activation criteria are as follows:

Step Three: Determine the Immediate Response Action

12.2.2 EOC Activation Checklist

- EOC Activation is ordered by the Emergency Manager or the Superintendent and will call the Section Chiefs.
- Upon, activation, personnel assigned to positions on the EOC Team report to the EOC location and check in with Section Chiefs.
- Conduct EOC function and incident/situation briefing.
- Issue seat assignments and confirm shift assignments.
- Obtain identification vest and credentials.
- Begin activity logs.
- Determine staffing needs and acquire additional support as needed.
- Check communications equipment (telephones, fax machines, radios). Assistance available from the Communications Team.
- Locate and lay out necessary supplies and materials.
- Review and start working off Position Checklist.

12.2.3 EOC Equipment and Supplies Checklist

Equipment and supplies should be sufficient for prolonged operation of the fully staffed EOC. The following is a recommended supply list:

12.2.4 EOC Closeout Checklist

- Notify appropriate agencies and individual sites that EOC is being closed.
- Collect data, logs, situation reports, message forms, and other significant documentation. Place in a secure file box. Mark the outside with the date and any state or federal numbers associated with the response.
- Deliver the information to the Administration & Finance Section Chief.
- Fold and repack re-usable maps, charts, and materials.
- Collect and box all office supplies and unused forms.
- Make a list of all supplies that need replacement and forward to the Logistics Section Chief.
- Return vest and identification credentials.
- Log out.

- Leave work areas in good order.

Step Four: Communicate the Appropriate Response Action

12.5 EOC Forms & Documentation

Four forms are used by all positions in the EOC. These forms are designed to capture all information necessary to meet emergency incident documentation requirements. These forms are:

- **Activity Log** - This form is to be used as a running record of all activity associated with the incident. Each position in the EOC and the FOC should maintain their own activity log. Copying the logs should be avoided so that efforts are not duplicated. Virtually every activity at each position should be logged on this sheet. When an incident response is closed, the logs should be compiled and turned in to the Administration & Finance Section Chief for filing.
- **EOC Message Form** - Any and all messages and communications received by the EOC are recorded on this form. Ideally, all incoming information is received by the Communications Position, whether by phone, radio, or runner. Persons filling the Communications Position record the incoming information on the EOC Message Form and deliver it to the appropriate Section Chief. The Section Chief takes action or delegates the action required, makes a record on the Message Form, records activities in the Activity Log and then places the message in a completed box for that Section. Avoid photocopying or duplicating the EOC Message Form. During high activity in an EOC, copies of Message Forms have proven to be a hindrance in that they cause severe duplication of effort. At the close of activation, all message forms are compiled by Section and turned into the Administration & Finance Section Chief for filing.
- **Emergency Resources Summary** - During EOC activation, each Section Chief may have several resources at their disposal. The Emergency Resources Summary form is designed to capture the information required for post-disaster financial recovery documentation. When resources are deployed to deal with aspects of the emergency, entries should be made on this form. At the end of each day during the response, these forms are compiled by Section and turned into the Logistics Section Chief who records the information on a master list. At the close of activation, all Emergency Resource Summary forms are forwarded to the Administration & Finance Section Chief for filing. Again, avoid duplicating these forms.
- **Planning & Strategy Worksheet** - This form is used by Section Chiefs to record strategies determined at Planning Sessions. The sheet is divided into three sections; Goal (or Objective), Plans, and Tactics. During planning sessions, Section Chiefs bring histories, observations, and predictions associated with the response to the table. These are formulated into simple goals. Each goal or objective is then broken down into plans - what needs to be done to accomplish the goal. Each plan is then broken down into tactics. Here, the actual steps for carrying out the plan and those responsible for carrying out these actions are identified. Planning sessions are facilitated by the Planning & Intelligence Section Chief. It is up to the people involved in the session how best to use these forms. There are two recommended uses of the form:

1.The Planning & Intelligence Section Chief prepares a master form during the session listing all goals/plans/tactics discussed and then duplicates it for each of the Section Chiefs. Each Section Chief acts on the items identified as their responsibility in the session, or

2.Each Section Chief prepares their own Worksheet at the session listing only the items identified as their responsibility.

Each Section Chief brings the Worksheet they received at the previous Planning Session to the next session. Each action item is discussed and then another Worksheet is prepared for future actions. The completed worksheets are turned in to the Planning & Intelligence Section Chief. At the close of activation, all Worksheets are turned in to the Administration & Finance Section Chief for filing.

13.1 Requirement & Recommendations for Individual Schools

13.1.1 Site Emergency Plans

The Katz Act (California Education Code, Sections 35295-35297), requires that schools have a site disaster plan that outlines roles, responsibilities, and procedures for students and staff. It also requires that the school site emergency management organizational structures comply with SEMS, and be ready for implementation at all times.

To reduce the burden of developing and updating individual disaster plans, and to provide standardization, a Recommended Site Plan Template (Addendum 3) is available for each school to adopt, with a minimum of effort. This, in no way, is meant to limit what is contained in Site Plans, but serves as a guide outlining minimum requirements for compliance.

13.1.2 Training

School sites are required to complete certain drills and exercises related to emergencies and disasters. These drill requirements are published in an annual schedule.

Each School Site must complete one fire drill per month with the goal of evacuating all buildings quickly and in a orderly fashion, thus accounting for all people in the facility. Completion of drills is reported to the Facilities Management Office.

Two self-study California Standardized Emergency Management System (SEMS) approved courses of instruction are recommended for completion by all principals and site managers. They are:

SEMS Introductory Course: For all personnel that may become involved in multi-agency or multi-jurisdictional response at any level. The instructional goal is to provide basic understanding of SEMS, common terms, and information required to work within and support a SEMS response. This course consists of three self-study modules with an optional test and should take 1-2 hours to complete.

SEMS Field (ICS) Course I-100 - Incident Command System (ICS) Orientation: This course is a general orientation to ICS for personnel working in support roles and for off-incident personnel who require a minimum ICS orientation. The instructional goal is to review ICS organization, basic terminology for resources and facilities and responsibilities related to an incident. This course consists of one self-study module with an optional test.

Types of Emergencies & Specific Procedures

Aircraft Crash

The administrator or designee will initiate appropriate actions, which may include Duck & Cover, Shelter-in-Place, Evacuate Building, or Evacuate Campus depending on the nature of the accident, the location of damage, and the existence of any chemical and/or fuel spills.

Animal Disturbance

This procedure should be implemented when the presence of a coyote, mountain lion, or any other wild animal threatens the safety of students and staff. The administrator or designee will initiate appropriate actions, which may include Lock Down or Evacuate Building.

Armed Assault on Campus

This involves one or more individuals who attempt to take hostages or cause physical harm to students and staff. Such an incident may involve individuals who possess a gun, a knife or other harmful item. The administrator or designee will decide the appropriate response, which may include Shelter-in-Place, Lock Down, Evacuate Building, or Evacuate Campus.

Biological or Chemical Release

This is an incident involving the discharge of a biological or chemical substance in a solid, liquid, or gaseous state. Such incidents may also include the release of radioactive materials. Common chemical threats within or adjacent to schools include the discharge of acid in a school laboratory, an overturned truck of hazardous materials in proximity of the school, or an explosion at a nearby oil refinery or other chemical plant. The following indicators may suggest the release of a biological or chemical substance: Multiple victims suffering from watery eyes, twitching, choking or loss of coordination, or having trouble breathing. Other indicators may include the presence of distressed animals or dead birds. The administrator or designee will initiate appropriate actions, which may include Shelter-in-Place or Evacuate Building.

Bomb Threat/ Threat Of violence

This occurs upon the discovery of a suspicious package on campus grounds or receipt of a threatening phone call that may or may not present a risk of an explosion. If the threat is received by telephone, the person receiving the call should attempt to keep the caller on the telephone as long as possible and alert someone else to call 911. The person answering the threat call should ask the questions listed on the "Bomb Threat Checklist". In coordination with law enforcement, the administrator or designee will initiate appropriate actions, which may include Duck & Cover, Lock Down, or Evacuation.

Bus Disaster

Bus safety and evacuation drills are reviewed annually for students utilizing bus transportation. Students are supervised by school staff during morning arrival and afternoon dismissal each day. Parents are provided with information about pick-up/drop-off in the fall and during the year via written notice and School Messenger. Students are informed of procedures at the start of the school year and are reminded as needed via announcements in the bulletin and reminders from adults providing supervision on a daily basis. Principal consults with the Sheriff's Department.

Disorderly Conduct

This involves a student or staff member exhibiting threatening or irrational behavior who does not have a weapon. The administrator or designee will initiate appropriate actions, which may include Shelter-in-Place, Lock Down, Evacuate Building, or Evacuate Campus.

Earthquake

14.1.1 Major Earthquake Threat Summary

Earthquakes are sudden releases of strain energy stored in the earth's bedrock. The great majority of earthquakes are not dangerous to life or property either because they occur in sparsely populated areas or because they are small earthquakes that release relatively small amounts of energy. However, where urban areas are located in regions of high seismicity, damaging earthquakes are expectable, if not predictable, events. Seismic risk is assumed by every occupant and developer in Alameda County because the County is within an area of high seismicity; San Francisco Bay Region has been impacted by more than ten severe earthquakes during historic times.

The major effects of earthquakes are ground shaking and ground failure. Severe earthquakes are characteristically accompanied by surface faulting. Flooding may be triggered by dam or levee failure resulting from an earthquake, or by seismically-induced settlement or subsidence. All of these geologic effects are capable of causing property damage and, more importantly, risks to life and safety of persons.

Major faults are depicted in the picture above. The three major faults from bottom are the Hayward Fault, San Andreas Fault and the Mount Diablo Thrust Fault. Moderate activity along any of these faults has a high probability of causing damage in the Livermore/Pleasanton area.

A fault is a fracture in the earth's crust along which rocks on opposite sides have moved relative to each other. Active faults have high probability of future movement. Fault displacement involves forces so great that the only means of limiting damage to man-made structures is to avoid the traces of active faults. Any movement beneath a structure, even on the order of an inch or two, could have catastrophic effects on the structure and its service lines.

The overall energy release of an earthquake is its most important characteristic. Other important attributes include an earthquake's duration, its related number of significant stress cycles, and its accelerations.

Crustal Deformation Instrumentation has been systematically placed in strategic areas along seismically active areas of the Bay Area to detect even minute earth movements. Below show approximate locations of and types of instruments.

Another way to recognize the intensity of an earthquake is to refer to the Modified Mercalli Intensity Scale. This scale was devised before seismographs were invented. The Modified Mercalli Intensity Scale remains useful in plotting maps that show the general range and severity of ground effects, structural damage, personal observation and sensations during an earthquake. The scale is largely dependent upon the observations and reports of victims of an earthquake.

14.1.2 Seismic Ground Response

Most of Alameda County's development and population are located in areas of moderate to moderately low damage susceptibility. The area is, however, susceptible to moderate damage resulting from ground failure and liquefaction. Liquefaction is a specialized form of ground failure caused by earthquake ground motion. It is a "quicksand" condition occurring in water-saturated, unconsolidated, and relatively clay-free sands and silts caused by hydraulic pressure (from ground motion) forcing apart soil particles and forcing those into quicksand-like liquid suspension. In the process, ground materials that are normally firm but wet, take on the characteristics of liquids.

Major landslides, settling and tilting buildings on level ground, and failure of water retaining structures have been observed as a result of liquefaction. Central Alameda County has a moderate damage susceptibility. Local ground conditions vary. Sound structures on firm, dry alluvium typically perform well, but water-saturated areas are potentially hazardous. The areas south of the I-580 corridor have a moderate (up to .2% probability) damage susceptibility. (See map on next page.) Overall performance of buildings in this zone is anticipated to be somewhat less than those located on bedrock. Ground conditions here are more variable. It should be recognized that great earthquakes anywhere in the Bay Area are capable of triggering liquefaction in central Alameda County.

Underground components of utility systems are often extensively damaged during significant earthquakes. Pipelines for domestic and fire fighting water, sewer service, gas, and for electrical services and communications can be shattered. Aboveground transmission and distribution systems are also susceptible to earthquake damage, but they are usually easier and less expensive to restore than the underground installations.

Transportation facilities are vulnerable to earthquakes. Roads and streets are easily blocked, and are often buckled and broken, but emergency routes can be readily improvised. The interchanges of freeways and similar installations (bridges and overpasses) are often damaged but not readily restored. A major earthquake impacting central Alameda County would be expected to cause widespread damage to its transportation systems.

Critical industrial facilities are of special concern because of potential hazardous materials spillage or critical industrial process disruption.

The picture to above depicts the intensity of shaking one might feel during an 6.9 earthquake where the epicenter is along the Hayward Fault – not unlike the Loma Prieta earthquake of 1989.

Explosion or Risk Of Explosion

This involves an explosion on school property, the risk of an explosion on school property, an explosion or risk of explosion near the school, or a nuclear explosion involving radio active materials. The administrator or designee will initiate appropriate actions, which may include Duck & Cover, Shelter-in-Place, Evacuate Building, or Evacuate Campus.

Fire in Surrounding Area

This procedure addresses the situation where a fire is discovered in an area adjoining the school. The initiated response actions should take into consideration the location and size of the fire, its proximity to the school and the likelihood that the fire may affect the school. After calling the local fire department in an effort to determine the seriousness of the fire, the administrator or designee will initiate appropriate actions, which may include Shelter-in-Place, Lock Down, Evacuate Building, or Evacuate Campus.

Fire on School Grounds

This procedure addresses situations where a fire is discovered on school grounds. A quick response to this situation is very important to prevent injuries and further property damage. Upon discovery of a fire, teachers or staff will direct all occupants out of the building, signal the fire alarm, and report the fire to the administrator or designee. The administrator or designee will immediately initiate the Evacuate Building action. If the size of the fire is beyond the control of staff on site, call 911 for immediate assistance from the fire department.

Flooding

This applies whenever storm water or other sources of water inundate or threaten to inundate school grounds or buildings. Flooding may occur as a result of prolonged periods of rainfall, where the school would have sufficient time to prepare. Alternatively, flooding may occur without warning, as a result of damage to water distribution systems, or a failure of a nearby man-made dam. The administrator or designee will initiate appropriate actions, which may include Shelter-in-Place, Evacuate Building, or Evacuate Campus.

Loss or Failure Of Utilities

This addresses situations involving a loss of water, power or other utility on school grounds. This procedure should also be used in the event of the discovery of a gas leak, an exposed electrical line, or a break in sewer lines. The administrator or designee will initiate appropriate actions, which may include Shelter-in-Place or Evacuate Building.

Motor Vehicle Crash

This procedure addresses situations involving a motor vehicle crash on or immediately adjacent to school property. Given the nature of the crash, there may also be a danger from a fuel spill, which should be considered when deciding which action(s) to take. The administrator or designee will initiate appropriate actions, which may include Duck & Cover, Shelter-in-Place, Evacuate Building, or Evacuate Campus.

Psychological Trauma

When the administrator or designee feels that there has been an event that causes a psychological impact on students and/or staff, such as an act of violence; the death of a student or staff member; an earthquake or other natural disaster; a serious environmental problem; or ethnic and racial tensions, he or she should contact the director of student services at the district office to request the services of the HUSD School Resource Chaplains. Emergencies like these usually produce one or more of the following conditions: temporary disruption of regular school functions and routines, significant interference with the ability of students and staff to focus on learning, physical and/or psychological injury to students and staff, and concentrated attention from the community and news media. As a result of such emergencies, students and staff may exhibit a variety of psychological reactions. As soon as the physical safety of those involved has been insured, attention must turn to meeting emotional and psychological needs of others.

Suspected Contamination of Food or Water

This procedure applies where there is evidence of tampering with food packaging, observation of suspicious individuals in proximity to food or water supplies, or if notified of possible food/water contamination by central District staff or local agencies. Indicators of contamination may include unusual odor, color, taste, or multiple employees with unexplained nausea, vomiting, or other illnesses. The administrator or designee will isolate the suspected contaminated food/water to prevent consumption, and will restrict access to the area. Second, the administrator or designee will notify the district safety coordinator of the problem and await further

instructions. Meanwhile, a list will be made of all potentially affected students and staff, which will be provided to responding authorities

Unlawful Demonstration or Walkout

An unlawful demonstration or walkout is any unauthorized assemblage on or off campus by staff or students for the purpose of protest or demonstration. Upon indication that an unlawful demonstration or walkout is about to begin, personnel should immediately notify the administrator or designee. The administrator or designee will initiate the Shelter-in-Place action. Students who ignore this action and leave campus shall be asked to sign his or her name and record address, telephone number and time entered or departed. If students leave the campus, the administrator or designee will designate appropriate staff members to accompany them. These staff members will attempt to guide and control the actions of students while offsite. The administrator or designee should proceed in good judgment on the basis of police or other legal advice, in taking action to control and resolve the situation.
