Subject *	Masking requirement for elementary school children

Comments *

To the Board of Trustees,
 I attended the last board meeting, and I was dismayed to hear parents rail against the masking requirement. I fully support the school district's compliance with county health orders and CDC guidance to require staff and students to wear masks on school sites. Our elementary school children are ineligible for the vaccine at the moment, and it would be unwise to remove any of the masking requirements. If masking becomes optional for either students or staff before vaccines are widely available for this age group, I will unenroll my daughter from the school district. Please, do not gamble with the health and safety of our unvaccinated children.

Respectfully,
 Lainie Pascall
