

School Plan for Student Achievement (SPSA)

The School Plan for Student Achievement (SPSA) is meant to consolidate all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), pursuant to the California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA).

The purpose of the SPSA is to increase the overall effectiveness of the school program by crafting a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement.

The School Site Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications in the plan to reflect changing needs and priorities, as applicable, pursuant to EC 52853(b) and 52855.

California's ESSA State Plan significantly shifts the state's approach to the utilization of federal resources in support of underserved student groups. The SPSA provides schools with the opportunity to document their approach to maximizing the impact of federal investments in support of underserved students.

The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement.

School Vision and Mission

Joe Michell Mission Statement

Our mission is to inspire and support our school community to be critical and reflective thinkers, risk-takers, and inquirers. We empower compassionate global citizens who understand, respect and appreciate diverse traditions, and seek to create positive change.

Our motto: Each day, we challenge and inspire each other to love learning and create a better world.

Joe Michell is considered a neighborhood school, with close ties to the community it serves. Students and parents choose Michell for the continuity offered by a TK – 8 educational environment, International Baccalaureate Programmes, as well as its family-like community. Teachers and parents share our mission, vision, and values. Our school community is defined by collaboration, collective inquiry, and mutual support.

The goal of the Joe Michell staff is to provide a safe environment where students can develop to their full potential academically, emotionally, and socially. We strive for our students to achieve respect for themselves, a lifelong love of learning, higher-level thinking skills, and a sense of responsibility. Our academic program supports children as they acquire the skills they need to appreciate and contribute to our diverse and complex society. In the summer of 2015, Joe Michell TK-8 School was authorized to be an International Baccalaureate (IB) School for the Primary Years Programme (PYP) for the TK through 5th grades, and the Middle Years Programme (MYP) for the 6th through 8th grades. The IB philosophy is that student learning is best done when it is authentic – relevant to the “real” world; and transdisciplinary, which means that the learning is not confined within the boundaries of traditional subject areas but is supported and enriched by them. The IB represents a combination of wide-ranging research and experience – best practice derived from a variety of public and independent schools from around the world.

The IB Learner Profile describes a list of attributes that promote academic rigor and the establishment of a personal value system leading to international-mindedness. The attributes of the profile are visible in many areas of the school, and are the heart and soul of our learning experience. The IB Programme encourages students to become:

- Inquirers – their natural curiosity has been nurtured and they actively enjoy learning.
- Thinkers – they exercise initiative in applying thinking skills critically and creatively to solving complex problems.
- Communicators – they receive and express ideas and information confidently in more than one language.
- Risk-takers – they approach unfamiliar situations without anxiety and have the confidence to explore new ideas.
- Knowledgeable – they have explored themes that have global significance and have acquired a critical mass of knowledge.
- Principled – they have a sound grasp of the principles of moral reasoning, and have acquired integrity, honesty and a sense of justice.
- Caring – they show sensitivity towards the needs and feelings of others, and have a sense of personal commitment to helping others.
- Open-minded – they respect the values of other individuals and cultures, and seek to consider a range of points of view.
- Well-balanced – they understand the importance of physical and mental balance, and personal well-being.
- Reflective – they give thoughtful consideration to their own learning by constructively analyzing their personal strengths and weaknesses.

Our teaching staff works collaboratively toward a common goal to provide quality instruction that is meaningful, developmentally appropriate, and aligned with the California State Standards. Michell staff believes that the purpose of assessment is to guide instruction and provide students with an opportunity to receive feedback and reflect on their own learning. Assessment should be authentic and relevant, and developed alongside the implementation of the curriculum, formatted in a manner that allows for all learners to succeed.

At Joe Michell School, we:

- Measure student learning and mastery of concepts, skills, knowledge, attitudes, and action.
- Adjust teaching strategies to foster mastery and plan for teaching.
- Set short- and long-term goals and determine differentiation within appropriate learning environments.
- Provide feedback on teaching and learning, and allow for data that will provide evidence as a measure of accountability.

School Profile

We are the Eagles, soaring to success!

Joe Michell TK-8 School is one of the only International Baccalaureate (IB) World Schools in the Livermore Valley Joint Unified School District and Tri-Valley.

The primary language of instruction across our school is English. All students will develop a fluency in English, and all teachers are considered to be language teachers. Joe Michell provides “language acquisition” instruction to all students in Spanish beginning in Kindergarten, continuously through 8th grade. Through language acquisition instruction, all students acquire proficiency in the skills of listening, speaking, reading, and writing basic Spanish. Cultural awareness and understanding play a fundamental part in each lesson.

Students at Joe Michell are offered a variety of school, parent, and community-led programs that enhance or supplement their daily curricular studies. Outside of their school day, students are offered enrichment classes in the afternoon: Student Leadership, Music, Girls Who Code, and Math Counts are a few examples of the opportunities offered. Children in need of academic support are provided with English Language Arts or Math intervention, and study and organizational skills. For students who are in need of social-emotional support, we offer Kid Connection: small group “play” directed by our school psychologist for students in elementary grades, and a full-time school counselor to support the implementation of Choose Love, a social-emotional curriculum, at all grade levels.

- How the Instructional Leadership Team coaches and supports staff with the implementation of the State standards

Joe Michell staff is comprised of life-long learners who know the importance of professional development in relation to student achievement. As an authorized IB World School, all Michell staff are required to attend IB training for Primary Years Programme and Middle Years Programme. Beyond the initial training, many staff members have attended advanced IB training. The IB Coordinator provides ongoing support and professional development opportunities to support implementation of both PYP and MYP Programmes.

Additionally, the California State Standards have been a focus of professional development and will be ongoing as we continue implementation. We will continue developing Common Formative Assessments and utilize District Interim Assessments to help teachers assess their students in math and language arts, and tailor their instruction to meet students’ needs and prepare them for the California Assessment of Student Performance and Progress (CAASPP).

Our Instructional Leadership Team (ILT) meets monthly to plan our professional development for staff meetings and grade-level collaboration. After disaggregating a variety of test data to identify our under-achieving students, areas of growth, achievement gaps, and all areas as they relate to student achievement, staff determine our goals for the year based on that data. Staff members collaborate at grade-level and cross-grade-level meetings looking at school data, instructional practices, programs, and students’ learning to determine appropriate staff development training. Michell teachers reflect on IB Units taught and have learned to analyze data to guide instruction. Grade-level teams create Common Formative Assessments. Data derived from these assessments are used to guide instruction. In addition to our focus on improving math instruction, our Instructional Leadership Team is focused on implementing Multi-Tiered Systems of Support (MTSS) at all grade levels to support students with academic, behavioral, and social emotional skills needed to be successful at school.

Our new teachers participate in the Tri-Valley Teacher Induction Program (TVTIP), which provides coaching, mentoring, and educational resources. The IB Coordinator provides another structure for staff development as part of an annual evaluation of our Programme of Inquiry. Each grade-level team is made up of lead teachers in core subjects such as mathematics, writing, and IB. These lead teachers are encouraged to share their knowledge and skills with our staff both at grade-level, cross-grade-level, and staff meetings. Professional development at Michell will continue to be focused on California State Standards, developing inquiry- based lessons, and strategies that meet the needs of our English Language Learner students and at-risk students. This year, in particular, we will be learning the IB Approaches to Learning skills to align our IB Units from TK - 8th grade.

- How your site-based professional development and teacher collaboration process supports students learning of the State standards

Michell teachers collaborate both formally and informally to share student performance. Professional Learning Communities (PLC) have been established at each grade level for the purpose of meeting more than twice a month to discuss student performance with their grade-level colleagues. During these meetings, teachers create common assessments to evaluate student progress towards specific standards or summative assessments for the IB Unit. Data derived from common assessments is then used to determine how students performed and plan for additional instruction or enrichment, depending on the specific needs of the students. PLCs also meet in vertical teams across grade levels to articulate and plan for rigorous instruction. In the elementary grades, a Readers' and Writers' Workshop model is being implemented to provide students with more individualized instruction. Implementing a variety of instructional strategies that build a Growth Mindset is the focus of vertical team meetings to support student achievement in mathematics. All vertical teams meet to analyze student data and determine specific skills for additional instructional support using a student-rotation model as well. Using the workshop model, teachers meet with individual or small groups to provide targeted intervention. In the middle-school grades, teachers are focused on creating effective learning engagements that support students learning the IB Approaches to Learning Skills. Middle school staff meet across grade levels and subject areas to plan integrated curriculum and projects as part of the IB Middle Years Programme requirements. Both formally and informally, teachers collaborate to support student learning at Michell.

- How you ensure all English Language Learners are acquiring the English language and progressing academically

At Joe Michell School, the foundation of all learning is through language. As we empower compassionate global citizens to be critical and reflective thinkers, risk-takers and inquirers, we support language development in each student as they make sense of their experiences and construct meaning. By honoring students' unique backgrounds in all stages of language acquisition, students have the opportunity to engage in authentic and meaningful learning experiences. All teachers in the Primary Years Programme (PYP) and Middle Years Programme (MYP) are teachers of language, using a variety of "Sheltered Instruction" strategies and instructional practices to foster language development, as appropriate for subject area and grade level.

All students identified as speaking a language other than English by the Home Language Survey are screened for English Language Development (ELD) services upon enrollment at Joe Michell TK-8 School, and re-tested yearly once needs are identified. Students are assessed using the English Language Proficiency Assessments for California (ELPAC) to determine their level of English proficiency, as required by the state of California. In-class or learning center support is provided to English Language Learner (EL) students to target needs based on their most recent ELPAC level. All EL students receive 30 minutes of designated ELD instruction using Benchmark Advance ELD materials each day. Each grade level uses a daily rotation that provides EL students with small homogeneous group instruction targeting each of three levels: Emerging, Bridging, and Expanding for designated ELD instruction each day.

Students in 6th through 8th grades who have been identified for English Language Development (ELD) receive instruction using a small group model within their English Language Arts courses.

- Transition strategies that are used to assist students entering Kindergarten/6th grade/9th grade

Kindergarten transition

Transitioning strategies used to assist students entering Kindergarten include;

- The District Kindergarten registration, which provides information to assist parents/guardians as they prepare their child for school.
- Joe Michell offers scheduled school site tours, giving prospective Kindergarten parents/guardians and neighborhood preschools the opportunity to visit our Kindergarten classes, while in session.
- In May, all Joe Michell parents/guardians receive an email welcoming them to Joe Michell and provide instructional materials for parents who want to prepare their child for Kindergarten.
- Transitional Kindergarten teachers meet with Kindergarten teachers to articulate the needs of students entering Kindergarten to ensure a successful transition.
- In June, Joe Michell hosts a Kindergarten orientation designed to provide information about the program, and elementary school expectations. At this time, parents/guardians and their students see the classroom setting and have another opportunity to ask, and have their questions answered.
- IB Learner Profile traits and units of study continue in Kindergarten.

5th to 6th transition

- Integrated projects are used to provide students with choices similar to Middle Years Programme (MYP). Projects are assessed using teacher-created rubrics.
- IB Units of Inquiry are taught at all elementary grade levels and continue in middle school. Students use Google Docs as part of their 5th Grade IB Exhibition which prepares students with Google Docs used in Middle School.
- IB Learner Profile traits and Approaches to Learning skills continue in the Middle Years Programme.
- Increasing responsibility for independent work; planning ahead.
- Rotations- Math, Science, Reading with three different teachers so students gain the experience of moving efficiently between classrooms and taking responsibility for completing homework from each teacher.
- Resource for students with an Individualized Education Plan (IEP) – Students are trained to understand their individual needs and take responsibility to ask for appropriate assistance from the classroom teacher and the Resource Specialist. If students leave Michell to attend another school, a transition meeting is held with the Resource Specialist to ensure that the student gets appropriate support at the new school site.
- 5th grade Exhibition provides students with an opportunity to experience learning similar to the 8th grade Community Project. Students identify an issue or need in the community and come up with solutions. The Exhibition is presented to our school community in the same way as the 8th grade Community Project.

8th to 9th transition

We are working to strengthen our transitioning students from the 8th grade into high school. The following activities are available, as needed, to meet the students' need for a smooth transition to high school.

- During 8th grade Physical Education class, the teacher addresses transitioning issues. The lesson focuses on what students know about high school, and what they want to know about high school. This is a class activity where all students work together with their teacher to answer all questions, regarding entering high school.
- Individual high school visitations determine accommodations/modifications of the physical plant and classrooms for student's educational and physical needs.
- High School Representatives attend IEP transition meetings to discuss goals/requirements/schedules/questions and concerns for transition as appropriate.
- Students attend High School Expos, orientations, and other presentations in preparation for this transition.
- Regularly scheduled meetings to coordinate all IB Programmes from Joe Michell and Granada High School.

Strategies and services used to increase parent/family/community involvement/education and increase opportunities for them to have a voice in making decisions that affect the school and their student's education.

Multiple services and strategies are utilized at Joe Michell School, encouraging parent/guardian, family, and/or community involvement, which support students in becoming grade-level proficient. To begin, Lawrence Livermore National Laboratory sponsors field trips through their visitors' center, supporting science standards. Teaching Opportunities for Partners in Science (TOPS) provides volunteers and teacher resources, for instance students are provided science lessons in a portable planetarium. Our District holds a Science Odyssey event, with community judges and community attendance. As well, Sandia National Laboratory sponsors and helps staff Family Science Night. Additionally, our staff organizes two Bedtime Books events to encourage families to engage in reading together. Parent Information events are provided to inform parents about the IB Programmes, as well as the California State Standards specifically to address ideas and suggestions so that parents can help support their child's learning.

Under-performing students at Joe Michell School directly benefit because of partnerships with community agencies and the resources they provide, such as community and family volunteers, and Tri-Valley Regional Occupational Program (TVROP) students who offer academic assistance during the school day. Friends of Joe Michell, our parent teacher organization, raises funds annually to help support school field trips, tutoring, and classroom materials. Joe Michell School helps provide parent information meetings and school community events. Extended Student Services (ESS) provides on-site childcare and homework support before and after school. The Livermore Rotary Club and Hindu Center support literacy through its literature donation program for third graders. Livermore Historical Society presents free Downtown Livermore tours and History Mobile visits, supporting local history education and California History-Social Science Content Standards.

The principal meets regularly with parents and community members through English Language Advisory Committee, Friends of Joe Michell Community Organization, School Site Council (SSC), Eagle Chats, and Grade-Level Parent Ambassadors to encourage involvement and determine how the school can support the needs of the community.

Educational Partner Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

Involvement Process for the SPSA and Annual Review and Update

Involvement/Governance

The Instructional Leadership Team (ILT) reviewed student performance data to evaluate areas of strength and areas for improvement. From that analysis, specific improvement goals aligned with our District initiatives are determined. Professional development and staff meeting agendas are aligned with the specific improvement goals.

The SSC reviewed student performance data to evaluate the specific improvement goals. From that analysis, a discussion resulted in modifications being made to the current goals for the following school year. Suggestions were aligned with goals to increase student achievement. The previous school plan was reviewed and demographic data was updated to reflect the current school year. Finally, the SSC reviewed and approved the final draft of the plan.

An English Language Advisory Committee (ELAC) member is assigned to report to the SSC. The principal updates the committee when the ELAC member is not in attendance. The principal, who currently serves on the Friends of Joe Mitchell School, shared the goals approved by SSC members and provides opportunities for suggestions to be discussed at our monthly meetings.

Adding Monitoring SPSA Plan as a specific agenda item at each monthly Leadership SSC meeting ensures involvement and active monitoring of the plan. Communicating the goals and activities included in the SPSA during additional advisory and staff committees will increase involvement of all stakeholders.

Conclusions based on this data:

1. The most recent enrollment data above is 23/24, which is last year's data. I was able to access this year's enrollment data (775 total) and I have drawn conclusions based on this year's enrollment data. Joe Michell School continues to be a diverse learning community with many cultures represented which add to the fabric of our International Baccalaureate Programmes. Student enrollment is strong which suggests that Joe Michell continues to be a destination school and popular school of choice for the families in Livermore due to in large part to the IB Programme. The IB Organization has reauthorized both our Primary Years and Middle Years Programmes until 2025.

English Learner (EL) Enrollment						
Student Group	Number of Students			Percent of Students		
	21-22	22-23	23-24	21-22	22-23	23-24

Fluent English Proficient (FEP)	100	122	116	12.60%	13.1%	15.0%
Reclassified Fluent English Proficient (RFEP)				11.5%		

Conclusions based on this data:

1. The diversity of languages spoken by our school community is wide-ranging, including the languages of Albanian, Arabic, Cantonese, Farsi, Filipino/Tagalog, French, Hindi, Japanese, Korean, Pashto, Mandarin, Spanish, Tamil, and Urdu. Spanish is the second most common language spoken by our students and their families. As an International Baccalaureate (IB) School, proficiency in more than one language contributes to the holistic development of students, giving students access to a broader range of input, experiences, and perspectives. Joe Michell School provides "language acquisition" instruction to all students in Spanish beginning in Kindergarten, continuously through 8th grade.
2. The number of students who are English Learners (EL) has decreased as our student enrollment has increased over the past five years. Currently, there are forty-six EL students at Joe Michell School. We observed the greatest impact of in-person learning for our EL students specifically with their listening and speaking skills remarkably improved from the previous year. With an intentional focus on ELD instruction at Joe Michell School, our students showed improvement in the English proficiency.
3. English Language Development (ELD) continues to be a schoolwide goal as well as a topic for ongoing professional development for the 2024-25 school year. Supporting teachers to utilize the EL standards and the supplemental ELD curriculum (Lexia and Off2Class) will identify best practices to be included in our IB Language Policy.

Conclusions based on this data:

1. Overall achievement remained similar from the year before, the percentage of students who exceeded the standard and met the standard remained similar to the previous year.
2. The implementation of Universal Access time for Kindergarten through 5th grade may have contributed to our ELA scores staying constant.
3. Our concentration on working in PLCs may have also contributed to the scores increasing. For the 2024-2025 school year, we are continuing PLC work and focusing more on student growth and achievement.

Conclusions based on this data:

1. Our 4th grade students made good gains in exceeded standards and standard met.
2. Overall, our middle school students's achievement went down slightly from the previous year.
3. Our Asian student population had 68% proficiency in exceeded standards or standards met.

Conclusions based on this data:

1. Current ELPAC results are not displayed, however, of the 46 students tested during the 2023-2024 school year, most made growth.
2. This year we saw an increase of newcomers. For the 2024-2025 school year, we are planning ways to help our newcomers with language acquisition.
3. As a staff, we will continue to meet within grade-level teams to monitor the progress of these students and provide designated English Language Development (ELD) instruction to support them in Listening, Speaking, Reading, and Writing academic areas. Writing is one subject that our grade-level teams have identified as a need for all students as we build their vocabulary through the writing process. Using the supplemental curriculum, Lexia and Off2Class, will help enhance designated ELD time.

Conclusions based on this data:

1. The U. S. Department of Education approved California's request to waive statewide accountability and reporting requirements for the 2022-2023 school year.
2. Starting the new school year, teachers will ensure that students are accessing their physical education instructional minutes.
3. We have seen an increase in sports participation.

California Healthy Kids Survey

Elementary Schools Grade 5:

Table

• School Connectedness – sites will report percent of students Average reporting “Yes, most of the time” or “Yes, all of the time”	76 %	4.7
• Feel Safe at School – sites will report percent of students Do you feel safe at school? Students reporting “Yes, most of the time” and “Yes, all of the time”	89 %	4.7
• Students treated with respect – sites will report percent of students Do teachers and other grown-ups at school treat students with respect? Students reporting “Yes, most of the time” and “Yes, all of the time”	94 %	6.1

This assessment is administered every 2 years. The conclusions are based on our most recent California Healthy Kids Survey data.

1. Overall, our fifth grade students report a positive and emotionally safe school environment which supports learning at the highest levels. There is a deliberate focus to create a learning environment in which the aims and values of IB are evident. We have implemented the Choose Love social emotional curriculum school wide.

2. 89% of fifth grade students report feeling safe at school, either "most of the time" or "all of the time" when compared to previous California Healthy Kids Survey data. More students report that teachers and adults treat them with respect this year, an increase of 3% from the previous year. Feeling connected, safe and cared about allow students to be more involved at school and more engaged in their learning.

Middle Schools Grade 7 and High Schools Grades 9 and 11:

7th or 9th Grade

11th Grade

1. School Connectedness – sites will report percent of students Average reporting “Agree” or “Strongly Agree”	69 %	%
2. Perceived Safety at School – sites will report percent of students Students reporting “Very safe” or “Safe”	70 %	%
3. Caring Adult Relationships – site will report percent of students Average reporting “Pretty much true” or “Very much true”	74 %	%

This assessment is administered every 2 years. The conclusions are based on our most recent California Healthy Kids Survey data.

1. Overall, students report a positive school environment with caring adult relationships, feeling connected and safe at school. 70% perceive feeling safe or very safe at school. Conversely, this means that the other 30% may feel not safe or unsure at school. These are the students we want to target to improve their well being at school.
2. Almost three-fourths of students reported a caring teacher or other adult who really cares about them at school.
There is a deliberate focus to create a learning environment in which the aims and values of IB are evident. We have implemented the Choose Love social emotional curriculum in order to create a culture of kindness in our middle school. We added a 25 minute Advisory period once a week specifically to address the social-emotional needs of our students. Michell has a counselor and a wellness center which has contributed to students feeling safe at school.

Student Population

The 2023 California School Dashboard provides parents and educators with meaningful information on school and district progress so they can participate in decisions to improve student learning.

The California School Dashboard goes beyond test scores alone to provide a more complete picture of how schools and districts are meeting the needs of all students. To help parents and educators identify strengths and areas for improvement, California reports how districts, schools (including alternative schools), and student groups are performing across state and local measures.

This section provides information about the school's student population.

Filipino	23	2.9
Hispanic	226	28.8
Two or More Races	82	10.4
Pacific Islander	2	0.3
White	349	44.4

Conclusions based on this data:

1. The demographics of Joe Michell School continue to evolve just as our education programs have. Our student population reflects the diversity of the community surrounding our school. The diversity of languages spoken by our school community is wide-ranging with seventeen different languages spoken.
2. As part of our IB Programmes, we offer a self-contained Moderate Special Day Class (SDC) for students from 3-8th grade. This also provides students opportunities to be included within our Primary Years and Middle Years IB Programmes.

Performance on state measures, using comparable statewide data, is represented by one of five colors. The performance level (color) is not included when there are fewer than 30 students in any year. This is represented using a greyed out color dial with the words “No Performance Color.”

2023 Fall Dashboard Overall Performance for All Students

Academic Performance	Academic Engagement	Conditions & Climate
English Language Arts Green	Chronic Absenteeism Yellow	Suspension Rate Orange
Mathematics Green		
English Learner Progress Yellow		

Conclusions based on this data:

1. Our English Language Arts and English Learner progress levels were both in the high performance levels for all students, while our suspension rate was in the medium performance level. While we have been focused on improving student academic performance, attending to student behaviors that lead to school success will also improve students' suspension rate. We are focusing on Positive Behavioral Interventions and Supports (PBIS) and plan to implement these new student behavior expectations. Focusing on the positive behaviors we expect to see will provide clear examples for students to follow and reduce escalation into discipline.

2. Chronic Absenteeism was identified in the very high level for all students. Our teachers have created engaging, meaningful, and relevant IB Units of Inquiry that motivate students to participate in their education by coming to school each day. Students who have difficulty with regular school attendance are supported through our Coordination of Services Team (COST) to address chronic absenteeism.
3. Through COST, we are working closely with our CWA to support families that need support.

Conclusions based on this data:

- The results of the 2022 English Language Arts Assessment showed that overall students scored 17.3 points above standard.
- In particular, our Asian sub group scored 46.3 above standard. Two or more races scored 17.9 points above standard. Our White sub group scored 32.5 points above standard.
- The staff at Joe Michell continue to reflect upon their instructional practices in order to better meet the learning needs of our students. We will continue to focus on creating opportunities for targeted instruction to reduce the learning gap that still exists among our students groups.

Conclusions based on this data:

- Overall, our English Learner student performance was high for all State indicators. This was a positive increase when compared to the previous year State indicator. English Learner student performance in both English Language Arts and Mathematics increased when compared to the previous year State indicator, however, the status is still considered a medium level and an area for growth. Suspension rate for English Learners is low and declined significantly from the previous school year.
- Of the 30 students completing the ELPAC, 18 students progressed at least one level. 3.3% of our students scored in the Performance Level 4, 20% scored in the Performance Level level 1, 2, or 3.
- The staff at Joe Michell continue to reflect upon their instructional practices in order to better meet the learning needs of our students. We will continue to focus on creating opportunities for targeted instruction to reduce the learning gap that still exists among our students groups.

Conclusions based on this data:

1. We strive to create an atmosphere that students want to be a part of. As an IB School, our Units of Study foster inquiry and are project based which is very meaningful and relevant for students. Our student attendance rates reflect this work. However, when there are students who have difficulty attending school, our Coordinated Services Team (COST) meets to provide assistance to students and families to improve attendance. We continue to work with students who are chronically absent to re-engage them into our school environment. Our school counselor provides student check-ins to help problem solve issues that become barriers to their academic performance.
2. Although most student groups have shown improvement in the area of Chronic Absenteeism, our Asian and White student groups plus our two or more races have not experienced similar improvement. Individual students will be identified to provide extra support through our COST process and our Student Attendance and Review Team (SART) and (SARB) as a means of improving school attendance.

Conclusions based on this data:

- Overall, our student suspension rate is in the low performance level, a decrease from our previous school year. Our African American student group had the lowest percentage of suspensions. Our English Learners and Socioeconomically Disadvantaged student groups had the highest percentage of suspensions. As a school site, we have begun training for Positive Behavioral Interventions and Supports (PBIS), to create consistent student behavior expectations schoolwide that will reduce the behavior escalation to discipline. In our Middle Years Programme, we have created an Advisory period that meets on Wednesdays for the purpose of implementing Choose Love social-emotional curriculum and activities that create a culture of kindness.
- Student behavior continues to be an area of focus as we continue implementation of our Multi-Tiered Systems of Support (MTSS) to ensure that we support students with academic, behavior and social-emotional skills that will lead to school success. The IB Learner Profile traits that are at the heart of every IB Programme have been linked to the Choose Love curriculum, with specific lessons that teach students self management skills which will support students during challenging times. Our school counselor has been instrumental in providing extra support for students who have social and emotional challenges that extend beyond our Choose Love curriculum.

Annual Review and Update

SPSA Year Reviewed: 2023-24

Goal 1

Increase the percentage of students who have the skills and knowledge to graduate from high school, college and/or career ready.

Annual Measurable Outcomes

Metric/Indicator	Expected Outcomes	Actual Outcomes
Local assessment data using EasyCBM, phonics screeners, and CAASPP	85% of all students will meet grade level proficiency in reading comprehension as measured by easyCBM. 10% increase in the percentage of students who meet or exceed standards on the ELA portion of the CAASPP.	In Kindergarten through 3 grade saw 80% proficiency in the easyCBM. CAASPP scores did not meet this goal.
Local formative and summative assessments, EasyCBM, and CAASPP	85% of all students will meet grade-level proficiency in Mathematics as measured by local formative and summative assessment. 10% increase in the percentage of students who meet or exceed standards in the ELA portion of the CAASPP.	Local assessments show growth in mathematics however CAASPP scores did not show growth.
Local and District Writing Assessment	All students will improve their writing score by one point or achieve a score of three or higher by the end of the academic year, as measured by formative and summative assessments including the District Writing Assessment.	At this time, this is not measurable.

Analysis

Describe the overall implementation of the strategies/activities to achieve the articulated goal.

Universal Access time was implemented with fidelity during the 2023-2024 school year. We saw growth in EasyCBM scores in elementary. Teams looked at data and developed lessons to target intervention in language arts.

Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.

We saw growth in our EasyCBM scores.

Explain any material differences between the Proposed Expenditures and Estimated Actual Expenditures.

The difference in materials is seen in our use of this money for substitute teachers and software for classrooms. The use of substitute teachers were not readily available during the 2023-2024 school due to a shortage. Over the course of the year, this did improve. Software that teachers traditionally used was not approved by curriculum. District software was encouraged,

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Continued fidelity with Universal Access time in elementary school. Analyzing data with grade-level teams to inform instruction, with the help of TOSAs, will enhance our intervention program.

Goal 2

Provide an engaging, clean, healthy, and physically and emotionally safe environment to support learning at the highest levels.

Annual Measurable Outcomes

Metric/Indicator	Expected Outcomes	Actual Outcomes
Physical Fitness Logs and Work Out Journals	Maintain required physical education instruction minutes in both elementary and middle school grades. Increase the percentage of students participating in physical fitness activities during recess and after-school athletic opportunities.	Our students continue to work on their physical fitness in every class completing their 200 minutes of PE every 10 days.
Annual Attendance Rate	Maintain safe optimal learning environment to increase student attendance.	We maintained good attendance throughout the year.
Suspension Rate	Maintain a suspension rate that is equitable among all student groups.	Our suspension rate remained the same for the 2023-2024 school year.
Healthy Kids Survey - Grades 5 and 7 (every other year)	Maintain a high level of safety and level of caring adult relationships for all students as evidenced by increasing Healthy Kids Survey to 90% for both 5th and 7th grade students.	Students report that they feel cared for and are safe at school.
Panorama Survey - Grades 3rd - 5th	Increase the percentage of students who regulate and manage their emotions, thoughts and behaviors.	We saw a drop in middle school in the Panorama survey but an increase in elementary students being able to regulate and manage emotions.

Analysis

Describe the overall implementation of the strategies/activities to achieve the articulated goal.

Our school counselor provided lunchtime activities for middle school students. In elementary, we had the Kid Connection program. COST team met weekly to discuss students.

Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.

The addition of a school counselor has been beneficial for our students in supporting SEL and providing advisory lessons on character building, self respect, bullying, etc.

Goal 3

Focus Area: Enhance parent and community engagement and communication.

Annual Measurable Outcomes

Metric/Indicator	Expected Outcomes	Actual Outcomes
Parent Participation on site committees and school events.	Increase parent participation at school events and committees, including Friends of Joe Michell, English Language Advisory Committee, and School Site Council by 10%.	School Site Council and Friends of Joe Michell had consistent membership. This year we implemented Eagle Chats which was a morning meeting with the administration. This brought some parents in to find out what is happening around school.

Strategies/Activities for Goal 3

Planned Actions/Services	Actual Actions/Services	Proposed Expenditures	Estimated Actual Expenditures
We will encourage parent/guardian, family, and community involvement in school through a variety of activities. Increase the number of in person events that our families will attend such as: Back-to-School Night, Parent Information events, Eagle Chats, and Friends of Joe Michell Community events. Increase communication through a variety of methods to enhance school/community involvement.	We created a variety of opportunities for our school community to be involved in school.	We will inform and invite the school community to attend Back to School Night, Open House, and Multicultural Night as well as other school community events. Interpreters for parents' meetings, Individual Education Plan meetings, and childcare will be provided when needed. 5000-5999: Services And Other Operating Expenditures LCFF - Supplemental 200	We had several school community nights that were well attended. Analysis

Describe the overall implementation of the strategies/activities to achieve the articulated goal.

Most of our parent groups were well attended with the exception of ELAC. We used email and text messages, along with a monthly newsletter, to communicate with our families.

Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.

Our IB Coordinator, in conjunction with our parent group, lead activities and other information nights to reach out to the community. Community members helped with 8th grade Community Projects and 5th grade Exhibition projects.

Explain any material differences between the Proposed Expenditures and Estimated Actual Expenditures.

The only difference was we did not use all of the money for community events.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Next year, we will add community event fair during the day for our 8th graders to talk to community members for ideas for the 8th grade projects.

 ELPAC
 EL Reclassification

Expected Annual Measurable Outcomes

Metric/Indicator	Baseline	Expected Outcome
Local assessment data using Developmental Reading Assessment and Individual Reading Inventory, easyCBM, and CAASPP	Only 83% of students have CAASPP ELA scores and of those students, 59% met or exceeded standards. 6% of students in 1st grade and 4% of 3rd grade scored in the High Risk Level on the reading portion of the 2022-2023 easyCBM.	85% of all students will meet grade level proficiency in reading comprehension as measured by DRA and IRI Assessments. 10% increase in the percentage of students who meet or exceed standards on the ELA portion of the CAASPP.
Local formative and summative assessments, easyCBM, and CAASPP	Only 69% of students have CAASPP Math scores and of those students, 43% scored at or above standards. 4% of students in 4th grade and 16% of 5th grade scored in the High Risk Level on the Math portion of the 2022-23 easyCBM.	85% of all students will meet grade level proficiency in Mathematics as measured by local formative and summative assessment. 10% increase in the percentage of students who meet or exceed standards in the ELA portion of the CAASPP.
Local and District Writing Assessment	Of the students who completed the District Write assessment, 38% met or exceeded, 34% nearly met, and 28% did not meet standard.	All students will improve their writing score by one point or achieve a score of three or higher by the end of the academic year, as measured by formative and summative assessments including the District Writing Assessment.

Planned Strategies/Activities

Strategy/Activity 1

Focus Area: Reading Comprehension

During the 2024-2025 school year, our staff will implement evidenced-based conversations using literary and informational texts schoolwide, specifically focused on Reading Literature (RL1) and Reading Informational (RI1) Standards (Key ideas and details). Students will increase vocabulary by reading increasingly complex texts.

School Site Council Membership

California Education Code describes the required composition of the School Site Council (SSC). The SSC shall be composed of the principal and representatives of: teachers selected by teachers at the school; other school personnel selected by other school personnel at the school; parents of pupils attending the school selected by such parents; and, in secondary schools, pupils selected by pupils attending the school. The current make-up of the SSC is as follows:

- 1 School Principal
- 3 Classroom Teachers
- 1 Other School Staff
- 4 Parent or Community Members
- 1 Secondary Students

Name of Members	Role
Donielle Machi	Principal
Geanie Crampton	Other School Staff
Meggin Hu	Classroom Teacher
Bobbi Byrnes	Classroom Teacher
Stefanie Daughtery	Classroom Teacher
Bassant Abdelrahman	Parent or Community Member
Ruby Moppin	Parent or Community Member
Donna Allen	Parent or Community Member
Joelle Cook	Parent or Community Member
Klara McGowan	Secondary Student

At elementary schools, the school site council must be constituted to ensure parity between (a) the principal, classroom teachers, and other school personnel, and (b) parents of students attending the school or other community members. Classroom teachers must comprise a majority of persons represented under section (a). At secondary schools there must be, in addition, equal numbers of parents or other community members selected by parents, and students. Members must be selected by their peer group.

Recommendations and Assurances

The School Site Council (SSC) recommends this school plan and proposed expenditures to the district governing board for approval and assures the board of the following:

The SSC is correctly constituted and was formed in accordance with district governing board policy and state law.

The SSC reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the School Plan for Student Achievement (SPSA) requiring board approval.

The SSC sought and considered all recommendations from the following groups or committees before adopting this plan:

Signature

Committee or Advisory Group Name

Other: IB Leadership Team

The SSC reviewed the content requirements for school plans of programs included in this SPSA and believes all such content requirements have been met, including those found in district governing board policies and in the local educational agency plan.

This SPSA is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.

This SPSA was adopted by the SSC at a public meeting on October 1, 2024.

Attested:

Principal, Donielle Machi on October 1, 2024

SSC Chairperson, Bobbi Byrnes on October 1, 2024

Educational Partner Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. As such, the SPSA should be shared with, and schools should request input from, school site-level advisory groups, as applicable (e.g., English Learner Advisory Councils, student advisory groups, etc.).

Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

Goals, Strategies, & Proposed Expenditures

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve? A school may number the goals using the "Goal #" for ease of reference.

Basis for this Goal

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, and may include any data voluntarily developed by districts to measure pupil achievement.

Expected Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to be make in the coming year.

Planned Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. Strategies and activities that are implemented to achieve the identified goal may be grouped together. A school may number the strategy/activity using the "Strategy/Activity #" for ease of reference.

A school receiving funds allocated through the ConApp is required to describe in their strategies and activities how they will address specific state and federal requirements. A list of these requirements may be found in Appendix A: Plan Requirements for Schools Funded Through the ConApp. At a minimum a school receiving funds allocated through the ConApp must address these requirements; however, a school may describe additional strategies/activities as well.

Students to be Served by this Strategy/Activity

Indicate in this box which students will benefit from the strategies/activities by indicating “All Students” or listing one or more specific student group(s) to be served.

Proposed Expenditures for this Strategy/Activity

For each strategy/activity, list and describe the proposed expenditures for the school year to implement these strategies/activities, including where those expenditures can be found in the school’s budget. The school should reference all fund sources for each proposed expenditure and should provide budget references as an object code or an object code description.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA.

Annual Review and Update

The planned goals, expected outcomes, planned strategies/activities, and proposed expenditures must be copied verbatim from the previous year’s approved SPSA. Minor typographical errors may be corrected.

Annual Measurable Outcomes

For each goal in the prior year, provide the metric/indicators, the expected outcomes, and the actual outcomes; review the actual outcomes as compared to the expected outcomes identified in the prior year for the goal.

Strategies/Activities

Identify the planned strategies/activities and the proposed expenditures to implement these strategies/activities toward achieving the described goal, then identify the actual strategies/activities implemented to meet the described goal and the estimated actual expenditures to implement the strategies/activities. As applicable, identify any changes to the student groups served.

Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the strategies/activities to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process.
- Describe the overall effectiveness of the strategies/activities to achieve the articulated goal as measured by the school.
- Explain any material differences between Proposed Expenditures and Estimated Actual Expenditures. Minor variances in expenditures or a dollar-for-dollar accounting is not required.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

Budget Summary and Consolidation

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp. The Consolidation of Funds is required for a school receiving funds allocated through the ConApp and consolidating those funds as part of a schoolwide program.

Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- **Total Funds Provided to the School Through the Consolidated Application:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school may include additional information or more detail.

Consolidation of Funds

A school receiving funds allocated through the ConApp and consolidating those funds as part of a schoolwide program is required to include a list of state and local programs and other federal programs that the school will consolidate in the schoolwide program. A list of commonly consolidated state and federal programs is provided in Appendix B: Select State and Federal Programs. List the federal funding source(s) and the amount(s) being consolidated in the schoolwide program, then list the state and/or local funding source(s) and the amount(s). Adjust the table as needed.

Appendix A: Plan Requirements for Schools Funded Through the ConApp

Basic Plan Requirements

A school receiving funds allocated through the ConApp is required to develop a SPSA. The content of a SPSA must be aligned with school goals for improving student achievement. School goals must be based upon an analysis of verifiable state data and may include any data voluntarily developed by districts to measure student achievement.

The SSC is required to develop the SPSA, which must address each of the following, as applicable:

1. A description of curricula, instructional strategies and materials responsive to the individual needs and learning styles of each student (described in the Strategies/Activities).
2. A description of instructional and auxiliary services to meet the special needs of non-English-speaking or limited-English-speaking students, including instruction in a language these students understand; educationally disadvantaged students; gifted and talented students; and students with exceptional needs (described in the Strategies/Activities).
3. A description of a staff development program for teachers, other school personnel, paraprofessionals, and volunteers, including those participating in special programs (described in the Strategies/Activities).
4. An identification of the schools' means of evaluating progress toward accomplishing its goals (described in the Expected Annual Measurable Outcomes) and an ongoing evaluation of the educational program of the school (described in the Annual Review and Update).
5. A description of how funds provided to the school through the ConApp will be used to improve the academic performance of all pupils to the level of state performance goals (described in the Proposed Expenditures for Strategies/Activities).
6. The proposed expenditures of funds available to the school through the programs described in EC Section 52851. For purposes of this subdivision, proposed expenditures of funds available to the school must include, but not be limited to, salaries and staff benefits for persons providing services for those programs (described in the Proposed Expenditures for Strategies/Activities).
7. The proposed expenditure of funds available to the school through the federal Improving America's Schools Act of 1994 and its amendments. If the school operates a state-approved schoolwide program in a manner consistent with the expenditure of funds available to the school pursuant to EC Section 52851, employees of the schoolwide program may be deemed funded by a single cost objective.
8. A description of how state and federal law governing programs identified in EC Section 64000 will be implemented, as applicable (described in the Strategies/Activities).
9. A description of any other activities and objectives as established by the SSC (described in the Strategies/Activities).

The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC.

Authority cited: EC sections 64001(f)-(g) and 52853(a)(1)-(7).

Schoolwide Program Requirements

A school receiving funds allocated through the ConApp and operating a schoolwide program (SWP) must describe how the school will carry out each of the following components:

1. A description of the strategies that the school will be implementing to address school needs, including a description of how such strategies will
 - a. provide opportunities for all students, including socioeconomically disadvantaged students, students from major racial and ethnic groups, students with disabilities, and English learners, to meet the challenging state academic standards.
 - b. use effective methods and instructional strategies based on scientifically based research that
 - i. strengthen the core academic program in the school;
 - ii. provide an enriched and accelerated curriculum;
 - iii. increase the amount and quality of learning time;
 - iv. include strategies for meeting the educational needs of historically underserved populations;
 - v. help provide an enriched and accelerated curriculum; and
 - vi. are consistent with, and are designed to implement, state and local improvement plans, if any.
 - c. address the needs of all students in the school, but particularly the needs of those at risk of not meeting the challenging state academic standards, through activities which may include the following:
 - i. strategies to improve students' skills outside the academic subject areas;
 - ii. preparation for and awareness of opportunities for postsecondary education and the workforce;
 - iii. implementation of a schoolwide tiered model to prevent and address problem behavior;
 - iv. professional development and other activities for teachers, paraprofessionals, and other school personnel to improve instruction and use of data; and
 - v. strategies for assisting preschool children in the transition from early childhood education programs to local elementary school programs.
2. A description of how the school will determine if school needs have been met (described in the Expected Annual Measurable Outcomes and the Annual Review and Update).
3. A description of how the school will ensure instruction by highly qualified teachers and provide ongoing professional development, including
 - a. strategies to attract highly qualified teachers;
 - b. providing high-quality and ongoing professional development that is aligned with the state's academic standards for teachers, principals, paraprofessionals and, if appropriate, pupil services personnel, parents, and other staff, to enable all students in the school to meet the state's academic standards;
 - c. the devotion of sufficient resources to effectively carry out professional development activities; and
 - d. the inclusion of teachers in professional development activities regarding the use of academic assessments to enable them to provide information on, and to improve, the achievement of individual students and the overall instructional program.
4. A description of how the school will ensure parental involvement in the planning, review, and improvement of the schoolwide program plan (described in Educational Partner Involvement and/or Strategies/Activities).
5. A description of the activities the school will include to ensure that students who experience difficulty attaining proficient or advanced levels of academic achievement standards will be provided with effective, timely additional support, including measures to
 - a. Ensure that those students' difficulties are identified on a timely basis; and
 - b. Provide sufficient information on which to base effective assistance to those students.
6. For an elementary school, a description of how the school will assist preschool students in the successful transition from early childhood programs to the school.
7. A description of how the school will use resources to carry out these components (described in the Proposed Expenditures for Strategies/Activities).

Livermore Valley Joint Unified School District ENGLISH LANGUAGE DEVELOPMENT IMPLEMENTATION PLAN 2024-25

Elementary School Name: Joe Michell School Date October 1, 2022 English Learner Liaison: Jennifer Hayes

Designated ELD (D-ELD) is a protected time during the regular school day when teachers provide lessons for English Learners to develop English language proficiency. Teacher will use the CA ELD standards to develop critical English language skills. Lessons support the development of discourse practices, academic vocabulary, and grammatical structures that are necessary for participation in academic tasks across all content areas.

- Guidelines:
- **Benchmark Advance ELD** component must be used K-5
 - Focus on **ELD standards**, not a unit or theme
 - Small groups should be kept to a maximum of 6 students
 - 30 minutes of **Designated ELD** instruction per day (5 days a week)
 - May be scheduled during reading and writing block (15 minutes/level)
 - Students grouped by levels, For example: 1/2, 2/3, and/or 3/4.

2024-25 AFTER SCHOOL EDUCATION AND SAFETY (ASES) Program Description and Goal

PROGRAM DESCRIPTION:

The ASES program staff collaborates with the regular school day staff to ensure students are successful by supporting the completion of homework on a daily basis. The program also provides students with academic enrichment, character development, and physical activity. Enrichment activities include Arts Attack, Scholastic Reading, Frog Math, and SPARK PE.

LCAP GOAL 1: Increase the percentage of students who have the skills and knowledge to graduate from high school, college and/or career ready.
Focus Area: After School Education and Safety (ASES) – Academic Enrichment and Support
SCHOOL GOAL: Students in the after school programs, BELIEVES and PAL, will complete 80% of their homework on a daily basis to support understanding of concepts being taught during the regular school day. School day staff will collaborate with after school staff regarding homework expectations.

<p>What data did you use to form this goal? Local assessment data reveals an achievement gap for students who are socio-economically disadvantaged. This data is also supported by teacher observations.</p>	<p>What were the findings from the analysis of this data? Socio-economically disadvantaged students require support in completing their homework to help to improve students' understanding of classroom curriculum, maximizing the achievement.</p>	<p>How will the school evaluate the progress of this goal? Local assessments, staff, parent, and student surveys, as well as attendance logs.</p>

Date	Person(s) Responsible	Task/Date	Funding Source
August – June	ASES staff	1. Support and track homework completion	ASES funds LCAP Supplemental funds
September - May	ASES staff and school day staff	2. Collaborate with school day staff through staff meetings, surveys, email and feedback to ensure academic alignment.	

During the period of COVID-19 pandemic accommodation, the program listed above is functioning in a virtual mode. In all cases, fidelity to the intent of the programs has been maintained.
